JUDICIAL REVIEW COMMITTEE

HEARING REQUEST FORM

Form Number:_____

Date Filed: 04/27/2021
Plaintiff: Denis Akbari Afkhami
Defendant: Cristian Flores

The alleged violation took place on:

Date: 04/26/2021 Time: 1.51pm

Place: Facebook. Cal State LA Book Exchange group

Name of Code and Section which was allegedly violated (i.e. Elections Committee Code, etc):
Elections Committee Code, Article IV Campaigning, Section 9 - Nature of Campaigning

Please, briefly and accurately describe the alleged complaint:
I have made a campaigning post in this facebook group where I was introducing myself and stating what I would bring to the role of ASI President if elected. Cristian Flores left comments full of hate in which he was slandering and attacking me under my own post. He even researched and asked around about my past experiences and included these in the comments. I have screenshots of everything that has been said and I will attach to this grievance the first comments which are the worst ones. He kept commenting the entire day under my campaigning post. In these comments not only he was bullying me but he was also promoting the other candidate running for president, Diana Chavez. When this happened, he was still under The Golden Eagle Movement slate which Diana Chavez is a part of. This is cyber bullying and in this case it is even worse because these comments are coming from someone currently in ASI, he is running for a position again, and he is also teaching at Cal State LA. This kind of harassment is unacceptable and it should not be permitted. It also looks bad on ASI and the whole Cal State LA community. Many students have been reaching out to me concerned about this kind of behavior coming from someone that has these powerful POSITIONS.

(Please use reverse side if needed for any additional clarification)

I understand that the Judicial Review Committee will decide whether or not to hold a hearing based solely on the written Hearing Request Form. I hereby request that the Judicial Review Committee investigate my complaint/concern and take whatever actions is appropriate under the provision of the Judicial Review Committee Code.
