SUBJECT: Request for an Additional Associate Justice Position

Given recent A.S.I. changes, i.e., the addition of a Funding Sub-Committee, I would like to formally request that an additional Associate Justice position be created. I believe adding another Associate Justice position would benefit A.S.I. and the judicial branch of A.S.I. by increasing the ability of the judicial branch of A.S.I. to support the numerous A.S.I. meetings.

A.S.I. Bylaws Policy 001 Article IX, Section 7, Clause 1, establishes the number of justice positions. I ask that the Executive Committee review the Bylaws - Policy 001 and amend the stated section and forward the recommendation to the B.O.D. to expand the membership of the Judicial Review Committee by adding another Associate Justice position. If approved, we ask that the Executive Committee instruct the Finance Committee to allocate appropriate funding for the position as soon as possible.

If you have any questions regarding this request please let me know via my e-mail asicj@calstatela.edu.
