

**The following will be incorporated into a response memo to the university:**

- Associated Students, Inc. (A.S.I.) allocated of \$125,211 in our 2017-18 Operating budget and recommends this allocation remains level until 2020.
- A.S.I. also agrees to establish a working group through a Memo of Understanding (MOU) between A.S.I., the University, and Anna Bing Arnold Children's Center (ABACC).
- This working group will further the conversation to identify potential alternative funding sources such as securing donations/grants fundraising, or referendum creation.
- This working group will meet at least once a month with a goal of creating a plan of action to the BOD by the second week in Spring 2018.
