## A.S.I. Undergraduate Academic Senator Application

### 2017-18

Application Ref ID: 2704 | Submitted: Tuesday, August 22, 2017 - 2:28pm

<b>First Name:</b>	Wilson	<b>Monday:</b>	
<b>Last Name:</b>	Niu	<b>Tuesday:</b>	12pm-3pm
<b>Position:</b>	Student Health Advisory Committee Member	<b>Wednesday:</b>	
<b>Major:</b>	Kinesiology	<b>Thursday:</b>	12pm-3pm
<b>Class:</b>	Junior	<b>Friday:</b>	

#### 1. What previous experience have you had in the area in which you are applying for?

I honestly do not have much experience in administrative side of health as I do in the on-hands experience. I currently have been volunteering at Queen of the Valley Hospital at least 4 times a month in 4 hour shifts for around a year. I also have been working as an EMT for around a year so I have an idea of the healthcare field. Although the age group is typically more geared towards the older population when it comes to 911 scenarios, I believe everyone faces similar general health concerns.

#### 2. State briefly why are you applying and/or are interested in this position

The lack of experience of dealing with the administrative side of health in a college setting and not being involved with campus activities. I also love have a passion for the healthcare side of any kind of work since I'm in the process of majoring in Kinesiology.

#### 3. What do you feel are some of the major problems facing the students of CSULA?

I feel one of the major problems facing students of CSULA is misinformation that is given to students everyday. The lack of information of the actual services provided and students being shy or too busy to ask questions. A major example is sex education where some students simply don't know they can get free condoms and other services without much of a hassle.

#### 4. List activities and/or organizations that you have been involved with (on or off campus)

I have been involved with any organizations on campus sadly. I have been involved with the COPE health scholar program from the last year where I volunteer normally at Citrus Queen of the Valley Hospital.

**1. What previous experience have you had in the area in which you are applying for?**

I've never been part of ASI, but outside of school taking on leadership roles is part of my daily life. Spreading positivity and optimism is my motto.

**2. State briefly why you are applying and/or are interested in this position**

I want to be involved, and help others. I am a DACA student, a dreamer, but also a daytime achiever. I would love to represent the minority and let students know, that they too can get through.

**3. What do you feel are some of the major problems facing the students of CSULA?**

Daca students don't get the same opportunities or resources, we live in fear and uncertainty with both financial aid and our legal status. Also students are not notified when something goes wrong with aid and instead we just get dropped left alone to figure it all out.

**4. List activities and/or organizations that you have been involved with (on or off campus)**

I've collaborated with known instagramers in the past to collect items and help the needy, I've never been involved in anything on campus, but I would love to get my foot in.

<b>First Name:</b>	Joanna	<b>Monday:</b>	2:30-5:00
<b>Last Name:</b>	Pineda	<b>Tuesday:</b>	
<b>Position:</b>	Student Health Advisory Committee Member	<b>Wednesday:</b>	2:30-5:00
<b>Major:</b>	Child Development	<b>Thursday:</b>	
<b>Class:</b>	Sophomore	<b>Friday:</b>	

### 1. What previous experience have you had in the area in which you are applying for?

I am a child development major which is in the department of Health and Human Services. I am currently observing children as part of my assignment for one of my child development classes. I have a great interest in this committee and if the opportunity is given I would like to gain skills in order to use them in the future.

### 2. State briefly why are you are applying and/or are interested in this position

I am interested in the program because it is in the department for my major. Child development provides an insight on the health and the well-being of children. I am a student that just wants to be involved on campus and through being on the student health advisory committee, I feel that I will be able to help my peers that are in my department. I can relate to their issues because we are all going through the same process, therefore, it is much more than a committee, but it is a way to make interact and to solve issues within the department of Health and Human services.

### 3. What do you feel are some of the major problems facing the students of CSULA?

CSULA is a diverse community filled with support from students and faculty. Major problems that I have witnessed is students not being able to handle stress and their commitment to their studies. The health of every individual is important to me because it matters that students be comfortable physically and emotionally on campus.

### 4. List activities and/or organizations that you have been involved with (on or off campus)
