

Board of Director Appointments

- College of Engineering, Computer Science,
and Technology Representative

"...For the Students, by the Students!"

Associated Students, Inc. A.S.I. Board of Director Application 2017-18

Application Ref ID: 2951 | Submitted: Tuesday, September 19, 2017 - 2:08pm

First Name:	Richard	Monday:	8am to 10am & 11am to 3pm & 4:20pm to 6pm
Last Name:	Shu	Tuesday:	8am to 11am & 1pm to 3pm & 4:20pm to 6pm
Position:	College of Engineering, Computer Science, and Technology Representative	Wednesday:	9am to 10am & 11am to 3pm & 4:20pm to 6pm
Major:	Computer Science	Thursday:	8am to 11am & 1pm to 3pm & 4:20pm to 6pm
Class:	Junior	Friday:	9am to 10am & 11am to 12pm & 3pm to 6pm

1. What previous experience have you had in the area in which you are applying for?

Previously, I have taken on a myriad of diverse leadership positions:

Last semester, I served as the College of ECST representative and helped to establish the ECST Club Council. I gained leadership experience by talking to ECST club leaders, organizing the agendas for ECST Club Council meetings, and talking to ECST College staff like T Fox.

As the Assistant Senior Patrol Leader in my Boy Scouts troop, I set an example for my peers to follow. I am responsible for planning the agendas of every meeting, and I dedicate time to teaching younger Scouts important leadership skills.

I have also interned for the Pat Brown Institute. The Pat Brown Institute actively encourages students to make a difference in their community by hosting events like the 2016 U.S. Senate Debate and the Summit of Possibilities Annual Conference. As an intern, I helped to facilitate these events by working at the registration desk and organizing files.

Finally, I served as a volunteer for P3, which stands for Play, Promote, and Participate. Through P3, I actively volunteered on campus events such as the Golden Eagle Prize Palooza, Dear World, and the DIY Charm Bracelet workshops, which were all held here on campus.

As a leader, I have learned to represent my peers, identify and resolve important issues, and communicate effectively. I hope that I can apply these skills as a college representative to meet the needs of the student body.

2. State briefly why are you are applying and/or are interested in this position

I am interested in this position because I want to make a positive difference in my community. Aside from volunteer work, I want to serve as an active, representative voice for the College of Engineering, Computer Science, and Technology. I am passionate about sharing my ideas, and I want to serve as the bridge between the Board of Directors and my peers by identifying important issues. Taking on this position would help me accomplish my goals.

3. What do you feel are some of the major problems facing the students of CSULA?

One problem is that many clubs hold meetings at the same time as other club meetings. Consequently, students who are interested in being a part of multiple clubs may not get the chance to do so. As the College of ECST Representative, I want to resolve this issue by talking to other club leaders in the ECST Club Council to organize a timeline of meetings where there is as little overlap as possible. Another problem is the lack of collaboration between clubs. I want to encourage clubs to organize events together. This would significantly increase funding and encourage more students to get involved.

4. List activities and/or organizations that you have been involved with (on or off campus)

On campus, I am a part of the Honors College; the Association for Computing Machinery; the National Society of Collegiate Scholars; Play, Promote, and Participate; and the Pat Brown Institute.

Off campus, I am a Boy Scout, a trombonist for the Pacific Symphony Youth Wind Ensemble, and a member of the Pasadena Chess Club.

I love the environment... I love going out to hikes at Kenneth Hahn or Runyon Canyon in Hollywood. I love going to beaches because there's always a small chance of seeing some aquatic animal.
