

Civic Engagement Plan 2017

October 3rd, 2017

What is Civic Engagement?

Civic engagement means working to make a difference in the **civic** life of our communities and developing the combination of knowledge, skills, values and motivation to make that difference.

A morally and civically responsible individual recognizes himself or herself as a member of a larger social fabric and therefore considers social problems to be at least partly his or her own; such an individual is willing to see the moral and civic dimensions of issues, to make and justify informed moral and civic judgments, and to take action when appropriate.
