1. What previous experience have you had in the area in which you are applying for?

I've been looking forward to applying for ASI for quite some time now -8 months that is- but was never sure on what position to apply for. After talking to some of the ASI staff, I decided to apply for the Lobby Corps position because it fits my description and my career goals that I am going to accomplish the best. And what better place to do it than on campus, for the campus, and for the fellow colleges. I have always worked in similar fields from past previous job opportunities that I have had from executive assistant planning for events, and now being associated with radio eagle on campus.

2. State briefly why are you are applying and/or are interested in this position

I am interested in the Lobby corps position for many reasons -one-mainly because I want to be associated with a branch in school like ASI, which is making a huge difference in CSULA and I want to be part of that.

3. What do you feel are some of the major problems facing the students of CSULA?

problems
little student involvement
low graduation rates
struggle to find jobs after graduation

Solutions
more student involvement results in more student dedication
student commitment leads to more higher four-year graduation rate and better grades
better grades results in better job opportunities

4. List activities and/or organizations that you have been involved with (on or off campus)
