

Ballot Language Draft #1

Since 1959, Associated Students, Inc. (ASI) has served as the official voice of students providing services and programs that meet the educational, social, recreational, and cultural needs of the Cal State LA's diverse student community.

Currently, the annual student body fee is \$53.75, as reflected by a \$26.88 per student fee in the fall semester and \$26.87 per student fee in the spring semester. ASI has not adjusted its student body fee since 1996. As such, our fee is the lowest out of the 23 campuses in the CSU System.

Supporting Statement: (pros from the options sheet)

raises ASI fee; meets organization's needs; offer students new programs and services; be able to meet child care center obligation; clear and easy to understand; students decide; more opportunities to give

Opposing Statement: (cons from the options sheet)

fee increase for students (largest since 1996); difficult to pass; does not revise current referendum obligations; does not explore grants/donations; takes more money from students; need to be clear on value added from the additional programs for students

Fee Indexing: We are using the Commonfund Higher Education Price Index (HEPI) as an inflation index designed specifically to track the main cost drivers in higher education. The increase for this referendum will be 1.8% in 2019.
