**1. What previous experience have you had in the area in which you are applying for?**

Prior to this position I held a manager position in retail. As manager I made sure my coworkers were satisfied and in a comfortable environment. By doing so I made sure any problems arising were always corrected fairly. I allowed the girls to feel voiced in any opinion and participated in making the environment feel welcomed. The reason I list this position is not because of the "retail", but because it allowed me to work on my leadership skills. Being a manager is always rough, for trying to win the favor of everyone that comes in, but looking to better the environment as a whole and better yet for those who are intimidated or afraid to speak up should be the real accomplishment in a leadership role. The skills I obtained in the process helped me speak to positions higher than mine for the employees I supervised. It also put me in a position to be more observant of problems and finding resolutions to the problems. I believe I can apply these skills to this position as I will be able to speak for my colleagues as well as continuing to practice my own skills in communicating with people whom I know can help me make a difference.

**2. State briefly why are you are applying and/or are interested in this position**

I am interested in this position because I want to be more involved in civic engagement. I would like to practice being more hands on and surround myself with an empowering group of students who similarly share an interest and take action in bettering our school and peers as a whole. While gaining an education in a class room environment is great, I believe it is not sufficient enough to gain as much knowledge and confidence as I can get as being involved vocally and in an active group.

**3. What do you feel are some of the major problems facing the students of CSULA?**

Some major problems currently facing CSULA are parking; parking permits and parking spots. Women's Restroom lines. Students lacking use of campus resources such as writing center, math center.

**4. List activities and/or organizations that you have been involved with (on or off campus)**

I am currently involved in CSULA's Pre Law Society and the Political Science Association.
