Associated Students, Inc. A.S.I. Undergraduate Academic Senator Application 2017-18

Application Ref ID: 3325 | Submitted: Thursday, November 30, 2017 - 10:46am

First Name:	Juan	Monday:	3:30pm-5:30pm
Last Name:	Cisneros	Tuesday:	2pm-4pm
Position:	University Academic Appeals Board Committee	Wednesday:	3:30pm-5:30pm
Major:	Computer Information Systems	Thursday:	2pm-4pm
Class:	Junior	Friday:	3:30pm-5:30pm

1. What previous experience have you had in the area in which you are applying for?

I am currently a Student Ambassador for California State University, Los Angeles. This experience has allowed me further my knowledge in the application process and has challenged me to make great decision making.

2. State briefly why are you are applying and/or are interested in this position

I am interested in this position because I believe my experience would allow me to bring insight knowledge based on applications. With a diverse environment, being a member will initially bring more perspectives in which we can all collaborate and lead to prominent results.

3. What do you feel are some of the major problems facing the students of CSULA?

Some major problems that many Cal State LA students face is not being actively involve in their school. I would like to change this because Cal State LA does not have to be a mundane commuter school. There are an extravagant amount of fun venues and opportunities available to the students whom aren't well informed. Another major problem is the lack of unity within our students. If we can all connect and cooperate with each other, then we can make the biggest difference than any Cal State.

4. List activities and/or organizations that you have been involved with (on or off campus)

I am a member of the Coding Club on campus. I have also participated for the Educational Participation in Communities (EPIC) program and have been involved in the catalog "Read Across America" prompted by the National Education Association. Lastly, I am an active volunteer for three religious parliaments in which we aspire to raise funds to better local communities.

Associated Students, Inc. 2017-18 Committee Appointment Application

Application Ref ID: 3339 | Submitted: Tuesday, January 9, 2018 - 9:46pm

First Name:	Duy	Monday:	
Last Name:	Nguyen	Tuesday:	
Position:	Honors Convocation and Commencement Committee	Wednesday:	
Major:	Educational Leadership	Thursday:	
Class:	Graduate	Friday:	

1. What previous experience have you had in the area in which you are applying for?

I was previously involved in the Graduate Student Senate at University of Vermont. We worked together and discussed different issues affecting students from housing issues to healthcare reforms. We shared ideas, suggestions, and how to address students' concerns from different colleges, programs, and other issues arose on campus. I had the pleasure of forming relationships with senators and representatives, with a group of 30 graduate students who brought forth ideas, concerns, and questions for current and future students. I had the opportunity to learn more about the administration of my university, and the connection between graduate students and administrators as well as the Board of Trustees.

I also served on the Curricular Affairs Committee. We worked on issues related to undergraduate and graduate educational policy and academic planning of majors, minors, and other academic standards for students. This allows me to gain more understanding of different educational policies, and how faculty and administrators work together to make positive changes for the university. I'm grateful for the opportunity to meet and connect with different members, staff, and faculty from different colleges on campus.

2. State briefly why are you are applying and/or are interested in this position

I'm interested in this position because I would like to be a part of making positive changes to the Cal State LA community. I want to serve in a leadership position in order to understand my classmates' needs and how to improve the quality of student experience. I'm interested in working with programs, ceremonial procedures, and physical arrangements for Honors Convocation and Commencement, and ways to recognize students' academic achievements. I'm enthusiastic to network and connect with different groups of students, administrators, faculty, and members in the community. I would like to be a positive difference maker not only on campus but also in the community here at Cal State LA. If selected for this position, I would be honored to represent and serve on the Honors Convocation and Commencement Committee.

3. What do you feel are some of the major problems facing the students of CSULA?

I think one of the major problems facing the students of CSULA is how to balance resources and support services that cater to students' needs in terms of helping them to be successful with their academic works and extracurricular activities on campus. Many students struggle to find support for maintaining a balance between their professional and personal lives with their schedules such as classes, activities, work, internship, volunteer, etc. The second issue is how to develop and provide more affordable housing options for local students, out-of-state students, and international students. Another problem would be focusing on the well-being of students, how to make avenues of mental health more accessible to students, how to offer more affordable options for healthcare coverage, and other issues related to student health.

Associated Students, Inc. 2017-18 Committee Appointment Application

Application Ref ID: 3419 | Submitted: Wednesday, January 24, 2018 - 2:40pm

First Name:	Eugene	Monday:	8am to 8pm
Last Name:	Salonga	Tuesday:	2pm to 8pm
Position:	Student Grievance Committee Member	Wednesday:	8am to 8pm
Major:	Psychology	Thursday:	2pm to 8pm
Class:	Junior	Friday:	8am to 8pm

1. What previous experience have you had in the area in which you are applying for?

My previous experience as an assistant to a Navy Counselor helped me learn about the process of listening and filing formal complaints directed at supervisors. Furthermore, the complaints addressed by junior personnel created a harmonious working environment resulting in improved morale and effective work flow.

2. State briefly why are you are applying and/or are interested in this position

My previous experience in the Navy has led me to my path of wanting to become a therapist. I am currently working on getting into Graduate school and I believe that this committee can provide me first hand experience into conflict management as well as an indirect outlet for grief counseling.

3. What do you feel are some of the major problems facing the students of CSULA?

In my opinion, students at CSULA face financial stressors that can hinder their performance academically and personally. Financial insecurity can lead to significant mental health problems which may result in academic probation or student drop-out. As for any "abuse" experienced from the faculty, I believe that it comes in the form of verbal condescension. Some students may not take a patronizing attitude well, and may file a grievance. I believe that if a committee can discern the difference between a petty complaint and real abuse, then the student can feel safe while optimizing the faculty members skill by counseling their actions.

4. List activities and/or organizations that you have been involved with (on or off campus)

I have not been involved with any student organizations as of yet.

1. What previous experience have you had in the area in which you are applying for?

Haven't had any experience in the opportunity to read IRA proposals for the College of Health and Human Services.

2. State briefly why are you are applying and/or are interested in this position

I am very interested in this position because it gives me the opportunity to see how grants/proposals are written and what the steps are to taking on the judging process.

3. What do you feel are some of the major problems facing the students of CSULA?

A lot of the CSULA students are commuters. I believe if there were more programs held that relates to their major or career field that is held on campus, it would be a great benefit for the students to engage in the University community. Providing fundamental resources and programs that will encourage students to stay on campus and become connected should be a priority.

4. List activities and/or organizations that you have been involved with (on or off campus)

As a Public Health major, I am President of Public Health Student Association. I have interned at University of Southern California Keck School of Medicine in their Environmental Health Department. Associated Students, Inc. 2017-18 Committee Appointment Application

Application Ref ID: 3348 | Submitted: Friday, January 12, 2018 - 12:56am

First Name:	Saida	Monday:	4:15pm-5:30pm
Last Name:	Coreas	Tuesday:	Anytime
Position:	Elections Committee member	Wednesday:	4:15pm-5:30pm
Major:	Public Health	Thursday:	Anytime
Class:	Senior	Friday:	8am-10:30am & 12:30 pm-3:30pm

1. What previous experience have you had in the area in which you are applying for?

I have served on an event leadership/ event committee before for the American Cancer Society's annual Relay for Life and have some experience on putting events together, attending meetings, taking on leadership roles, making sure the event runs smoothly, and trying to recruit people to come to the event. I am also currently secretary for CSULA's Public Health Student Association and am punctual, very organized, and am able to manage my time wisely.

2. State briefly why are you are applying and/or are interested in this position

I am applying for the position as a committee member because I have always heard great things about ASI and have always wanted to get involved in some way, but have not had much time with previous work and school schedules. Fortunately, this year I have had a lot more leisure time and have been able to be active in school activities, events, and clubs and would like to participate as a committee member for ASI.

3. What do you feel are some of the major problems facing the students of CSULA?

Some of the major problems facing students at CSULA besides parking I think are trying to keep students on campus for events/getting students more involved. Because CSULA is considered a commuter school many students, this used to be me as well, just come to class and go straight home or to work right after. There's a large percentage of students that miss out on great on-campus events, workshops, clubs and so forth. There should be more thought put into these students that cannot stay on campus due to work, trying to avoid traffic due to a long commute, or have other responsibilities, in the sense that there should be more ways to get students involved. Whether it be by making more workshops available through zoom room or having live streams, allowing students teenage online or finding ways to try to convince students to stay on campus a bit longer.

4. List activities and/or organizations that you have been involved with (on or off campus)

I am currently involved in the Public Health Student Association at school and am serving as secretary, this is my second year serving in the committee for the American Cancer Society's Relay For Life, but it will be my 6th year participating, this month will be my second year volunteering for the annual Greater Los Angeles Homeless Count, and I was previously a volunteer for a year at Providence St. Joseph's Medical Center in Burbank in the Oncology unit during my 1st year as an undergrad. I try to volunteer as much as I can, but for the most part they are one day events such as beach cleanups, volunteering at flu shot clinics, volunteering at the regional food bank and so forth, but the activities/organizations listed are the ones I am currently involved with and have/had been involved in for quite some time.

I have experience being in a collective group regarding our university and ideas of ways to give the students better experiences at the University.

2. State briefly why are you are applying and/or are interested in this position

Getting involved with the student government is very important to me. The decisions that are put out from the ASI department has a huge effect on the students of CSULA.

3. What do you feel are some of the major problems facing the students of CSULA?

I believe parking, school involvement, and lack of available courses are some of the hugest problems students of CSULA face.

4. List activities and/or organizations that you have been involved with (on or off campus)

On campus, I've been involved in BSU and the Sociology Club.

Associated Students, Inc. 2017-18 Committee Appointment Application

Application Ref ID: 3356 | Submitted: Saturday, January 20, 2018 - 9:04pm

First Name:	Lola	Monday:	8am-8pm
Last Name:	Salgado	Tuesday:	8am-8pm
Position:	Environmental Policy Committee	Wednesday:	8am-5pm
Major:	Film and Television	Thursday:	8am-5pm
Class:	Junior	Friday:	8am-5pm

1. What previous experience have you had in the area in which you are applying for?

I have been part of the Environmental Policy Committee for a year and a half now. This previous fall semester I was not involved because I couldn't put as much focus as I would have liked too. However, this spring I am ready to come back. In my absence I have done some clean up on my own back in Riverside and I occasionally go to the beach and participate with Heal the Bay. I also work at CSI and try to make my events as Eco-friendly as possible.

*Also in the spring semester I hosted the very first CSULA Cigarette Butt Campus Clean-up. I invited Trash Free Earth an organization founded by a CSULA Alum, named Daisy. With her experience and help we were able to pick up 46lbs of cigarette butts, a total of 5,667 critters. What lead me to do this was that on a monthly basis I pick up cigarette butts in front of the University Student - Union. Because after seeing photos of the U-SU in the past and comparing them to current ones I was curious to know if the cigarette butts were the reason for the decrease in plant growth. On a monthly basis their is an average of 260-300 cigarette butts in the grass by the bushes or in the cracks on the ground. And after doing research on the toxins of cigarette butts, it was true that when they leach their toxins into the ground it harms the soil. And after repeated leaching can cause the soil to become lifeless.

2. State briefly why are you are applying and/or are interested in this position

I am interested because I want to make a change on campus. I want us to keep improving and becoming a more sustainable campus. I also want students to take more action in their daily lives on and off campus.

I want to inspire students to do better and that their daily actions are important and have an effect on our planet.

3. What do you feel are some of the major problems facing the students of CSULA?

They do not think of their campus as their second home. Which is why I believe they don't care for it as much. I have seen students actually litter their wrapper or simply leave their Styrofoam container on the grass. If they felt like it was a home to them I do believe they would be more caring and attentive about their actions.

4. List activities and/or organizations that you have been involved with (on or off campus)

Golden Eagle Radio - I was the VP, Station Manager/President, and am still currently a sound engineer
Her Campus - Occasional staff writer
Center for Student Involvement - I am the Music and Entertainment Program Assistant

Associated Students, Inc. A.S.I. Member (ONLY) Committee Application 2017-18

Application Ref ID: 3353 | Submitted: Friday, January 19, 2018 - 6:27pm

First Name:	Jay	Monday:	9AM-1:30PM
Last Name:	Doshi	Tuesday:	1:30PM-5PM
Position:	A.S.I. Bylaws Codes of Procedures Committee	Wednesday:	9AM-10AM
Major:	Biochemistry	Thursday:	1:30PM-6PM
Class:	First Year	Friday:	

1. What previous experience have you had in the area in which you are applying for?

In my high school, I participated in policy-making in Model United Nations for three years. I led many caucus discussion groups in forming and amending resolutions about international conflicts which are applicable in our community here at CSULA such as gender equality and health disparities. I also have experience in the Junior States of America and Toastmasters International, where I have strengthened my presentation skills and have developed better problem-solving assets. This opportunity would elaborate on my fond interest in policy-making, and I would love to integrate my previous skills with the potential skills I would learn from working with such inspiring members of the student government.

2. State briefly why are you are applying and/or are interested in this position

I am interested in this position in the Bylaws Codes of Procedure Committee because I want to serve others in a rightful manner. Writing this application made me think that joining this committee would complement my main goal of making a substantial impact in the community. Therefore, my interest in this position is beyond impeccable to help the people on our campus. I want to be a leader on our campus. I want to be involved in this organization. With this experience, I hope to take action on our campus, express my ideas, and expand our school to new horizons in the near future.

3. What do you feel are some of the major problems facing the students of CSULA?

Two major problems students of CSULA face are mental health and involvement. Mental health is the most pressing issue students face at CSULA. Although the CAPS program does an excellent job of providing aid, mental health must be prioritized more. Therefore, I propose having workshops prominently on mental health which focus on mental health strategies such as meditation. I believe that community involvement is another prime factor that could be improved upon. This is an opportunity that should be stressed at our school as students would provide service for the betterment of our community as well as improve their networking and interpersonal skills.

4. List activities and/or organizations that you have been involved with (on or off campus)

Aside from the organizations aforementioned, I have also partaken in Boy Scouts of America. These activities have led me to become more of a leader willing to communicate and cooperate with other individuals. I had the privilege of becoming the Senior Patrol Leader (President) of my Boy Scouts troop, and in doing so, I have learned plenty of skills involving brainstorming and critical thinking. I am conducting analytical research, which has given me the ability to work under pressure. I have also found my own non-profit organization called New BroadMed, which has given me exposure to business administration skills, which I hope to integrate if given the opportunity to be a part of this committee.

First Name:	Nataly	Monday:	9:00 am to 12:00 pm & 3:00 pm to 10:00 pm
Last Name:	Aviles	Tuesday:	2:00 PM to 10:00 PM
Position:	Legislative Affairs Committee	Wednesday:	9:00 am to 12:00 pm & 3:00 pm to 10:00 pm
Major:	Political Science	Thursday:	2:00 PM to 10:00 PM
Class:	Sophomore	Friday:	10:00 am to 10:00 PM

1. What previous experience have you had in the area in which you are applying for?

I don't have experience for this position I am applying for, but I am hoping to be given an opportunity to fill this position, I may not have experience but I do have the dedication it takes to be a part of this commission and the determination to learn how to properly fulfill my role in the legislative committee.

2. State briefly why are you are applying and/or are interested in this position

I am applying to be part of the Legislative committee because I see this position as a great opportunity to be more involved with our student life on campus. I also see it as a great opportunity to learn and gain experience of leadership and being able to step out of my comfort zone, it is also a way for me to take a step into the career path I am looking for as a political science major. I am also interested in this position because I see it as an opportunity to grow more as a student and as an individual by learning and developing new skills.

3. What do you feel are some of the major problems facing the students of CSULA?

A major problem I see students of CSULA facing is the lack of involvement and school spirit students have because many view it as just a commuter school and not so much as a university that gives you the expected "college experience", students haven't realized that our campus has so many way to be involved and offer many life changing experiences. There is also a lack of club exposure for students that want to be involved but have no idea what clubs are offered and which fit their persona the best. I also see the prices of parking impacting many students, many students are struggling financially to just pay of their tuition or to pay for books. The prices increasing every year is highly unfair for us as college students because it keeps many students stressing about how and when will they be able to cover some of these many expenses instead of focusing on their schooling.

Position:	Environmental Policy Committee	Wednesday:	9 am to 12 pm
Major:	Natural Science	Thursday:	3 pm to 500 pm
Class:	Junior	Friday:	

1. What previous experience have you had in the area in which you are applying for?

Before I transferred to Cal State LA , I joined West LA college's Environmental club my very first semester there. It was a brand new club so I took the opportunity to establish a garden within the school. Everyone pitched in and learned how to grow their own food. We were known through out the school for our bi monthly Campus Clean ups where we would go out and pick up trash at school. We believed that our immediate environment, our campus deserved to be clean. The environment is where ever you find yourself, and we wanted the place we went to learn and gain knowledge had dignity and was trash free. My next project was an environmental fair celebrating earthday. I was the Chair of the Earth Day Festival Committee. I invited environmental organization like the Santa Monica State Park Rangers, LA Audobon , and the Eco Station. We were able to raise awareness for Climate change and the various issues affecting our planet and provide knowledge on the natural world.

My second year I ran for president of the club. It was such a great experience to lead and help create a community of environmental stewards at our little community college. I wanted to provide with student with academic resources and opportunities to develop their skills and gain experience working in the diverse field of Environmentalism. I was able to connect with LA Audubon and with their help a free certificate program in Habitat restoration was offered to any West LA college student who wanted to apply. I was so happy to be able to pursue my passion with everyone in this club.

2. State briefly why are you are applying and/or are interested in this position

I wanna meet people who are currently engaged in helping to reduce the negative impact that our activities have on the environment. I met some members of this committee during the winter break and I saw how passionate they were and decided to join them in order work towards a more sustainable community here at Cal State LA.

3. What do you feel are some of the major problems facing the students of CSULA?

Air pollution is a big problem that our students face. While the smoking ban addressing a part of the problem, its not enough. Our Campus is situated right off the 10 freeway and not too far from the 710. All the traffic the passes through is leaving a trail of toxic fumes the accumulates and we eventually breath in. We also inhale the fumes of the overwhelming number of students and staff that drive onto campus every day.

4. List activities and/or organizations that you have been involved with (on or off campus)

- President of S.A.V.E (West LA College environmental club)
- Additional roles: Photographer and Chair of The Earth Day committee
- Habitat Restoration Intern at Los Angeles Audubon
- Program Assistant at the Gold Creek Ecological Field Station

Position:	Finance Committee- Student Committee Member	Wednesday:	1:30 PM to 3 PM & 4 PM to 5 PM
Major:	Business Administration- Option in Finance	Thursday:	9 AM to 10 AM & 3 PM to 5 PM
Class:	Sophomore	Friday:	9 AM to 10 AM & 12 PM to 5 PM

1. What previous experience have you had in the area in which you are applying for?

I have been the treasurer for a club for the last semester, and have managed its budget and expenditures to keep our events and services high quality and cheap. I have also taken basic accounting, so I am familiar with financial statements and balance sheets. Lastly, I am a member of the Ad Hoc Funding committee, so I have already gone through last year's budget and would be comfortable working with it.

2. State briefly why are you are applying and/or are interested in this position

This position would allow me to channel my passion for finance to benefit the general student population. I am very interested in learning more on how ASI as a large bureaucratic organization manages its funds, and would be very eager to have a say in the process.

3. What do you feel are some of the major problems facing the students of CSULA?

The largest problem I believe that is facing not just CSULA students but students nationwide is that that we are simply not active enough in our communities. There are the loud lucky few, but I firmly believe that students' involvement in their government (and student government as well) is the path to a healthier nation (and school).

1. What previous experience have you had in the area in which you are applying for?

As the treasurer for a club, I have had to oversee a variety of expenses, from less than five dollars to close to ten thousand. This would allow me to accurately judge how much funding a club really needs for an event.

2. State briefly why are you are applying and/or are interested in this position

I am applying to this position as I believe the accurate and responsible management of funds is the cornerstone to a student government like ASI. There is also a need for students to join this club.

3. What do you feel are some of the major problems facing the students of CSULA?

I believe that a lack of student participation in their government is the largest issue plaguing our campuses nationwide.
