First Name:	Janielle	Monday:
Last Name:	Eisma	Tuesday:
Position:	Public Relations & Outreach Commissioner	Wednesday:
Major:	Marketing	Thursday:
Class:	Sophomore	Friday:

1. What previous experience have you had in the area in which you are applying for?

My past experience with being a Cabinet of Commissioner as Housing Representative can help with having a better understanding of what roles are need to be filled for the public relations and outreach commissioner position.

2. State briefly why are you are applying and/or are interested in this position

I am interested in this position because I believe it can give me the opportunity to only to put my marketing skills to the test but also to be able to work with all aspects of ASI, whether it be to working with the new housing commissioner or to working under the Vice President.

3. What do you feel are some of the major problems facing the students of CSULA?

A major problem Cal State LA students face is the fact that not a lot of students know enough about the resources we have on campus, students are unfortunately not that interested in the resources we have on campus. However if marketed a different way I feel that students can see how beneficial the resources we have on campus are such as the health center or even the Student union

4. List activities and/or organizations that you have been involved with (on or off campus)

- ASI Cabinet of Commissioner Housing Representative
- President of Residence Hall Association

Associated Students, Inc. A.S.I. Undergraduate Academic Senator Application 2017-18

Application Ref ID: 3496 | Submitted: Monday, February 5, 2018 - 11:22am

First Name:	Jourdan	Monday:	
Last Name:	Pineda	Tuesday:	11am-5pm
Position:	Public Relations & Outreach Commissioner	Wednesday:	
Major:	Communications	Thursday:	11am-5pm
Class:	Sophomore	Friday:	2:30pm-6pm

1. What previous experience have you had in the area in which you are applying for?

During high school and I was heavily involved in the school newspaper. Starting as a staff reporter, I gained knowledge about writing and editing in the journalism field. During my senior year of high school, I was appointed to be the digital editor. My responsibilities included teaching staff members, editing news stories, creating a website, creating a schedule, and handling the social media accounts for the newspaper. During this time, I also participated in journalism meetings in which we brainstormed new ideas and news topics concerning the school.

2. State briefly why are you are applying and/or are interested in this position

I am interested in working in Public Relations because I am very committed to connecting with others through social media and I love working with other people. Since everyone is communicating via the internet, I believe that connecting with students through social media is the best way to create a foundation of communication. I am also interested because I would like to get more involved within the operations in Cal State LA and gain experience about the communication field. Joining ASI is a great opportunity for me to learn more about the tasks of being in public relations and making a significant difference within the University. I am also very passionate about writing and creating content. Working for ASI would be a great opportunity for me to gain experience.

3. What do you feel are some of the major problems facing the students of CSULA?

Some of the major problems facing Cal State LA is the lack of school spirit and participation in events. Although I do understand that many of the students work out of campus, I feel that there are only a small number of students experience the fun college atmosphere that ASI and clubs have offered around campus. I also feel that the school can do a much better job at advertising these school events in social media. Furthermore, I believe that Cal State LA can do a much better job in showing how joining ASI can benefit students when going into their respected field.

4. List activities and/or organizations that you have been involved with (on or off campus)

Student Assistant in Mountain View High School Library (2015-2016)- Experience in aiding students and staff, organizing books and documents, finding material, managing front desk, answering the phone, knowledge in book presentations and events.
Journalist at Mountain View High school (2013-2016)- Knowledge of writing for school newspaper, assisting students, conducting interviews, editor of Features and Digital Media, experience with social media platforms.
Day One Intern (2013-2016)- Non Profit Organization which educates the community with healthier eating options and a healthier lifestyle.
Special Collections Assistant (2016-present) - Experience in assisting researchers, taking inventory, scanning material, proficient in Microsoft Word and Excel, front desk and answering the phone, knowledge of Cal State LA Catalog, setting up of Exhibitions, and creating finding aids of collections.

I do have experience working with multiple campaigns. I've had to meet up with multiple activists from CSULA to work

2. State briefly why are you are applying and/or are interested in this position

I feel like the CSULA student body at large should understand the very biosphere that we live in. Students should know how humans are the biggest contributor to climate change. With ASI, students should try our best to pass policy in order to convert to clean reusable energy in the future.

3. What do you feel are some of the major problems facing the students of CSULA?

Students lack knowing how to grow food on there own and students lack knowing how to deal with climate change.

1. What previous experience have you had in the area in which you are applying for?

I am assisting professor Benavides from child and family studies department in multiple research projects and I am aware of the importance of proper research fundings needed for students to be able to conduct their research as I am experiencing it all myself.

2. State briefly why are you are applying and/or are interested in this position

Through my research experience , my outstanding academic performance, and my ability to analyze information in a very efficient way I believe this opportunity will allow me to grow in my research field as a student representing California State University of Los Angeles as well as providing me with the proper knowledge in assisting other students who are interested in conducting research .

3. What do you feel are some of the major problems facing the students of CSULA?

I believe that many of the students at CSULA are not aware of the great programs/ assistances/ funding such as boon vouchers, research travel fundings (just to name a few) that are available to them. Additionally, I also believe that students at CSULA often feel empowered and afraid to project their voice if they feel something is not right and I want to advocate and assist them in understanding their rights as students and empow them to fight for what is right for them.

4. List activities and/or organizations that you have been involved with (on or off campus)

Position:	NSS Steering Committee Member	Wednesday:	12PM-1:30PM
Major:	Biology	Thursday:	3:30PM - 5PM
Class:	First Year	Friday:	11:30PM to 3PM

1. What previous experience have you had in the area in which you are applying for?

In the 11th grade, I ran into an old neighbor, Kevin, who attended Cal State LA as a Microbiology major. Upon asking him about his experience as a Cal State LA student, he energetically raved about his undergrad research under Dr. Porter. Thanks to dedicated NSS students like Kevin, who continues to contribute to Dr. Porter's lab as a graduate student, biological research was the aspect of college I most anticipated when I graduated high school. In the fall, I quickly worked to materialize my dream by contacting six different professors to inquire about their labs. Eventually, my persistence opened up a conversation with Dr. Russo-Neustadt, whose lab researches the neurological effects of an Ashwagandha, an Indian nightshade. I soon got invited to sit in at lab meetings with her team. Being involved in scientific discussions between graduate students opened my eyes to the potential of Cal State LA's research capabilities. I feel inspired that our university is furthering the advancement of many different STEM fields. Therefore, addition to my academic experience as a Biology major, I also have experience in the College of Natural and Social Sciences as an undergraduate student involved in research efforts.

2. State briefly why are you are applying and/or are interested in this position

I am interested in being a student representative for the College of Natural and Social Sciences because I want to interact with school administrators to help strategize ways our university can not only graduate more science majors, but also prepare them for graduate programs. In my STEM classes, I always hear my classmates' concerns about class availability and grad school requirements. As a student of biology, one of Cal State LA's most impacted majors, I want to help other science-based majors have the resources necessary to graduate on time.

3. What do you feel are some of the major problems facing the students of CSULA?

During a discussion about academic planning in Honors 1010 last semester, Professor Behen discussed the campus graduation rate. He discussed that many CSULA students fail to gain their Bachelor's degree within four years. He told us about his "Soar in 4" campaign in an effort to raise the amount of students who graduate within four years. As a represent of the College of Natural and Social Sciences, I would lend my efforts to raise the graduation rate within science majors, especially impacted majors like Biology and Psychology. In addition to raising the graduation rate, I would also want to encourage science majors to seek tutoring or other out-of-classroom academic help to raise the average Science GPA to help students get accepted to graduate programs.

4. List activities and/or organizations that you have been involved with (on or off campus)

- CSULA Honors College
- Huntington Hospital (Volunteer)
- International Bacculaureate (IB)
- Pre-PA Association
- Azure Lorica (Art Director, Illustrator)
- Triskele Press (Art Director, Illustrator)
- Animate LA (Animation panel, organizer and host)
- ERHS Cross Country / Track and Field (Team Captain)

"...For the Students, by the Students!"

Associated Students, Inc. A.S.I. Member (ONLY) Committee Application 2017-18

Application Ref ID: 3353 | Submitted: Friday, January 19, 2018 - 6:27pm

First Name:	Jay	Monday:	9AM-1:30PM
Last Name:	Doshi	Tuesday:	1:30PM-5PM
Position:	A.S.I. Bylaws Codes of Procedures Committee	Wednesday:	9AM-10AM
Major:	Biochemistry	Thursday:	1:30PM-6PM
Class:	First Year	Friday:	

1. What previous experience have you had in the area in which you are applying for?

In my high school, I participated in policy-making in Model United Nations for three years. I led many caucus discussion groups in forming and amending resolutions about international conflicts which are applicable in our community here at CSULA such as gender equality and health disparities. I also have experience in the Junior States of America and Toastmasters International, where I have strengthened my presentation skills and have developed better problem-solving assets. This opportunity would elaborate on my fond interest in policy-making, and I would love to integrate my previous skills with the potential skills I would learn from working with such inspiring members of the student government.

2. State briefly why are you are applying and/or are interested in this position

I am interested in this position in the Bylaws Codes of Procedure Committee because I want to serve others in a rightful manner. Writing this application made me think that joining this committee would complement my main goal of making a substantial impact in the community. Therefore, my interest in this position is beyond impeccable to help the people on our campus. I want to be a leader on our campus. I want to be involved in this organization. With this experience, I hope to take action on our campus, express my ideas, and expand our school to new horizons in the near future.

3. What do you feel are some of the major problems facing the students of CSULA?

Two major problems students of CSULA face are mental health and involvement. Mental health is the most pressing issue students face at CSULA. Although the CAPS program does an excellent job of providing aid, mental health must be prioritized more. Therefore, I propose having workshops prominently on mental health which focus on mental health strategies such as meditation. I believe that community involvement is another prime factor that could be improved upon. This is an opportunity that should be stressed at our school as students would provide service for the betterment of our community as well as improve their networking and interpersonal skills.

4. List activities and/or organizations that you have been involved with (on or off campus)

Aside from the organizations aforementioned, I have also partaken in Boy Scouts of America. These activities have led me to become more of a leader willing to communicate and cooperate with other individuals. I had the privilege of becoming the Senior Patrol Leader (President) of my Boy Scouts troop, and in doing so, I have learned plenty of skills involving brainstorming and critical thinking. I am conducting analytical research, which has given me the ability to work under pressure. I have also found my own non-profit organization called New BroadMed, which has given me exposure to business administration skills, which I hope to integrate if given the opportunity to be a part of this committee.

I was involved in organizing events for my middle school as a committee member and in high school was involved in events year round.

2. State briefly why are you are applying and/or are interested in this position

I wanted to be part of my school council in High School but never got elected for a position. I see this as an opportunity to be able to serve my student body the way I've wanted to.

3. What do you feel are some of the major problems facing the students of CSULA?

The transition from high school to the university level was too drastic for students to understand schedule organizing, accountability, and proper planning. So much of the responsibility falls onto the student to understand every aspect of the enrollment and graduation process when most high school counselors took care of those things.
