# Associated Students, Inc. 2017-18 Committee Appointment Application

Application Ref ID: 4009 | Submitted: Thursday, April 5, 2018 - 10:27pm

<b>First Name:</b>	Jay	<b>Monday:</b>	10:30-1:30; 4-6
<b>Last Name:</b>	Doshi	<b>Tuesday:</b>	9:30-4
<b>Position:</b>	Undergraduate Academic Senator	<b>Wednesday:</b>	3-6
<b>Major:</b>	Biochemistry	<b>Thursday:</b>	11-5:30
<b>Class:</b>	First Year	<b>Friday:</b>	10-3

**1. What previous experience have you had in the area in which you are applying for?**

Some previous experience I have included Model United Nations, where I was able to fully implement my understanding of Robert's Rules and debate about policy. This organization has helped me communicate effectively and become a representative, which will greatly benefit my role in ASI as the potential Academic Senator. As a student, I have also understood what areas are in need of improvement and I hope to have a clear understanding of both perspectives: a student and a Senator.

**2. State briefly why are you are applying and/or are interested in this position**

I want to be the Undergraduate Academic Senator because as a student myself, I believe in the betterment of our academic representation. After understanding the codes of this job's responsibilities, I have come to understand that there is a strong emphasis of communicating with faculty; however, the end goal is for me to improve the academic community for the students by catering to their desires. As I am already running for the next Undergraduate Academic Senator for next year, I want to build a strong foundation of principles and get a head start of what initiatives I could plan to spearhead and what policies I could plan to expand. I want to be the voice for the students and serve our student society to make a stronger, more academic-friendly community not only as an Academic Senator, but also as a ASI member.

**3. What do you feel are some of the major problems facing the students of CSULA?**

I believe the lack of mental health services is a major problem that the students face at CSULA. With constant stress revolving around our minds, I believe the implementation of new de-stressing activities must be provided towards the students to provide more support their mental and physical health. Another problem students have include the lack of civic engagement. Although it may be tough to forcefully apply interactive activities to each student, I believe that there must be more communication throughout the university, so students could learn about more opportunities which may benefit them personally.

**4. List activities and/or organizations that you have been involved with (on or off campus)**

On campus, I am currently involved with ASI, serving as the Environmental Affairs Commissioner, and the American Red Cross. Some activities outside of campus I have been involved with include Boy Scouts of America, where I served as the Senior Patrol Leader (President), and BroadMedicine, where I have conducted a medical symposium of over 10 doctors. These organizations have given me leadership, presentation, and team-building skills.

**1. What previous experience have you had in the area in which you are applying for?**

Previous experience I have in the area in which I am applying for is serving as a co-chair for the Relay for Life event as well as Chair for one of the committees for the event. Because of these roles I am able to prioritize what needs to be done as well as communicate efficiently and effectively with those around me and how to carry myself professionally so that I do not put the organizations reputation or integrity at risk. The elections are extremely important and I know that I do have to be cautious and professional so that I do not jeopardize the integrity of the elections.

**2. State briefly why are you are applying and/or are interested in this position**

I am interested in becoming the Elections and Orientation Commissioner because I started as a committee member and realized that I want to get more involved and hold a higher position I believe I can take on. I have watched Adriana as Commissioner and have learned from her. I also hope to leave my mark on the campus and having the position available, as well as having some experience in the position, is an opportunity I would not like to slip away and hope to fulfill it.

**3. What do you feel are some of the major problems facing the students of CSULA?**

Some of the major problems facing students of CSULA are lack of student involvement as well as lack of knowledge of clubs and organizations on campus. As a commuter school, many students like myself in the past, come to class and leave right after. Either because of work or other responsibilities or because they're not aware of specific clubs or organizations. Personally, I was one of those students that only came to class and left right after, up until my junior year when I found out about the Public Health Student Association. It was not until after I joined that I began to stay on campus more often and learned more about different clubs and organizations and ASI. This is the case for many students as well, that they typically don't find out about these things or aren't fully aware until their junior or even senior year and by that time most students will say that they wish they would've known about this club or organization or ASI sooner.

**4. List activities and/or organizations that you have been involved with (on or off campus)**

I am currently involved in ASI as a General Elections Committee Member, I also serve on the American cancer Society's Relay for Life of Burbank Planning Committee as a co-chair for the planning and organization of the event that will be held in May. I am also secretary for the Public Health Student Association on campus and volunteer annually for the Greater Los Angeles Homeless Count.

ASI Screaming Eagles

Honors Convocation and Commencement Committee

**2. State briefly why are you are applying and/or are interested in this position**

I'm interested in this position because I would like to be a part of making positive changes to the Cal State LA community. I want to serve in a leadership position in order to understand my classmates' needs and how to improve the quality of student experience. I'm enthusiastic to connect with students, staff, and members in the community, and how we can work together to create effective changes for the university. I want to strengthen the relationship of ASI with students by making sure that their voices are heard clearly, how to make these resources and services more accessible, and how to build a stronger community together at Cal State LA.

**3. What do you feel are some of the major problems facing the students of CSULA?**

I think one of the major problems facing the students of CSULA is how to balance resources and support services that cater to students' needs in terms of helping them to be successful with their academic works and extracurricular activities on campus. Many students struggle to find support for maintaining a balance between their professional and personal lives with their schedules such as classes, activities, work, internship, volunteer, etc. The second issue is how to develop and provide more affordable housing options for local students, out-of-state students, and international students. Another problem would be focusing on the well-being of students, how to make avenues of mental health more accessible to students, how to offer more affordable options for healthcare coverage, and other issues related to student health.

**1. What previous experience have you had in the area in which you are applying for?**

In regards to this particular committee, I have been in continued interaction and communication with the Event Manager (James Cuaresma) who sits on the committee as an advisor. The already open dialogue can only help further committee accountability overall.

**2. State briefly why are you are applying and/or are interested in this position**

My application is based on the lack of student representation on a committee whose main goal is the planning of graduation ceremonies of the student body. Past lack of representation allowed administration and dept. reps to make decisions on the important event without any student input nor consideration. The committee has enjoyed the freedom to do whatever they want without any accountability to the student body and that needs to be addressed immediately. In order to do so, strong representation is needed.

**3. What do you feel are some of the major problems facing the students of CSULA?**

Lack of University Marketing on resources and programs. Parking wars. Lack of accessibility to administration! Covino's accessibility to students!

<b>First Name:</b>	Dina	<b>Monday:</b>	9AM to 11AM
<b>Last Name:</b>	Abou Salem	<b>Tuesday:</b>	
<b>Position:</b>	Graduate Studies Subcommittee Member- Postbaccalaureate/Graduate	<b>Wednesday:</b>	
<b>Major:</b>	TVFM	<b>Thursday:</b>	10AM to 12AM
<b>Class:</b>	Graduate	<b>Friday:</b>	

**1. What previous experience have you had in the area in which you are applying for?**

I am a graduate student at Cal State Los Angeles myself majoring in Television Film and Media Studies (MA option) and I am familiar with graduate student life both at the academic and personal level. More importantly, I am a student assistant at the university's Office of Graduate Studies and my exposure to graduate academic related affairs is relatively extensive.

**2. State briefly why are you are applying and/or are interested in this position**

The position was brought to my attention when I was asked personally by the Office of Graduate Studies management to serve on the Graduate Studies Subcommittee (GSS) as a graduate student member. Once I found out the requirement of being an ASI member I became more enthusiastic about making it happen! I would not miss the opportunity to make a difference no matter how trivial into ameliorating the academic and personal experience of CSULA students. Joining ASI and subsequently the GSS committee might allow me to do that.

**3. What do you feel are some of the major problems facing the students of CSULA?**

Internal digital communication has been a challenge for students including myself. The website for example lacks usability features and needs to be overhauled keeping user experience and user interaction in mind. The content that is being shared in messaging lacks verification and is most of the time written in poor grammar and structure leaving many students at a loss. Parking and other student facilities such as housing and the bookstore are expensive and offer no subsidy options.

**4. List activities and/or organizations that you have been involved with (on or off campus)**

Coalition to Abolish Slavery and Human Trafficking (Social Service Interpreter)  
Rotary Foundation, District 5280 (PR Chair of the LA Cedars Rotary Club 2017-18)
