End of the Year's Awards Proposal

Submitted by Marcial Romero

Purpose: The creation of 10 awards will recognize student's service and advocacy to ASI, the campus, greater community, and in some cases the greater state of CA. The ability to have such distinguished service recognized to a million dollar non-profit will strengthen internal morale, allow for the administration to end on a high note, and allow for award recipients to display such distinguished recognition on resumes. Building on professional development. Additionally, falls within the strategic plan of creating new traditions.

Cal State LA ASI Member of the year (most prestigious award)

Who's eligible? All ASI elected and appointed members.

Process by which this would be determined: All ASI members vote
