Associated Students, Inc. 2018-19 Committee Appointment Application

Application Ref ID: 4046 | Submitted: Friday, May 18, 2018 - 9:08am

First Name:	Jessal	Monday:	Open
Last Name:	Salas	Tuesday:	Open
Position:	Public Relations& Marketing Commissioner	Wednesday:	Open
Major:	Business Administration	Thursday:	Open
Class:	Junior	Friday:	Open

1. What previous experience have you had in the area in which you are applying for?

Working for the City of Downey Parks and Recreation Department, I have been able to gain experience in planning, implementing, and directing special events and programming. I have experience in working with community organizations/businesses, working with varieties of vendors, promoting events/programming, and overall customer service skills. During my three employment with the City of Downey, I have also gained experience with doing outreach activities/booths and creating newsletters, press releases, and presentations for promotional purposes. I currently have been working along side my Supervisor to oversee and organize the City of Downey's Youth Commission meetings/events.

2. State briefly why are you are applying and/or are interested in this position

Public relations is focused on building brand awareness and long-term recognition which I believe is the most important aspect of any company/organization. Taking initiative and sharing ideas that can positively impact or improve a company/organization and the people within and surrounding is the number one goal. Marketing, advertising, and promotions of events allow an organization to thrive and the rewarding part of it is when an organization can overcome business challenges. An important aspect of public relations is the fact that it aids in awareness, funding, and education of serious issues, causes, and organizations. Being able to promote something that can make a positive impact is very rewarding.

3. What do you feel are some of the major problems facing the students of CSULA?

Some of the major problems facing the students of CSULA is the involvement of students and timing of some events/clubs. I have been attending CSULA for three years and most of my classmates have had the issue of wanting to be a part of school functions but can't due to the amount of time they have or the time of the events/club meetings. I believe being able to provide a more interactive approach whether through social media, e-mail, class visits, presentations etc. that it can aid in involvement of students. Public relations can aid in this issue by promoting through multiple resources and putting in effort to get as much feedback as possible from students; whether it is through social media, e-mail, and/or tabling. I also believe it is important for CSULA to broaden its aspects and work with outside organizations to provide more opportunities and events/clubs that can aid and be beneficial to students education and career.

4. List activities and/or organizations that you have been involved with (on or off campus)

Most of the time I am assisting with planning and implementing programs/events at my job. I never see my job as a job due to the fact that I enjoy it so much. I am involved in the California Parks and Recreation Society through my employer. Recently, I became a Women in Leisure Services member where it is an organization solely for women who are in the field of Recreation or Leisure Services. This organization rewarded me with a scholarship and free membership; the benefit of this organization is the networking, the wisdom from other individuals, and the opportunity to learn through different events/workshops they provide.

Application Ref ID: 4048 | Submitted: Wednesday, May 23, 2018 - 3:16pm

First Name:	Javier	Monday:	8am-12pm
Last Name:	Moro	Tuesday:	8am-12pm & 2pm-5:50pm
Position:	Environmental Affairs Commissioner	Wednesday:	8am-12pm
Major:	Political Science	Thursday:	8am-12pm
Class:	Senior	Friday:	all day

1. What previous experience have you had in the area in which you are applying for?

I've volunteered with two political campaigns, one in 2016 and another in 2017. I volunteered with Bernie 2016 and Wendy Carrillo for Congress in 2017.

2. State briefly why are you are applying and/or are interested in this position

As a biology and astronomy enthusiast, I am a huge advocate for the advancement of science and technology. With my leadership, I am confident that I can handle the role in moving Cal State LA into a direction of clean, reusable energy. Under my leadership, I can inform the student body at large of the dangers of climate change, and possibly built a vegetable garden.

3. What do you feel are some of the major problems facing the students of CSULA?

Other than parking, I think the students of CSULA would want to have a "greener" campus. Having a greener campus would make the university more aesthetically pleasing, which would then give students more incentive to keep our school clean.

4. List activities and/or organizations that you have been involved with (on or off campus)

ASI Cabinet of Commissioner's Application 2018-19

Application Ref ID: 4074 | Submitted: Tuesday, May 29, 2018 - 12:38pm

First Name:	Nia	Monday:	8am to 1:30pm & 5:00 pm to 9:00pm
Last Name:	Allen	Tuesday:	8:00am to 11:00am
Position:	Spirit commissioner	Wednesday:	8:00am to 1:30pm & 5:00pm to 9:00pm
Major:	speech communication disorders	Thursday:	8:00am to 11:00am
Class:	Senior	Friday:	8:00am to 8:00pm

1. What previous experience have you had in the area in which you are applying for?

I have had several experiences in this area, such as being involved in several clubs on campus, and working with groups of students to help put on effective, and attention grabbing events that will promote our club, and encourage more people to join. Also I was involved in a business that helped plan young teenage high school students pre-prom introduction, this requires planning skills as well as great time management skills.

2. State briefly why are you are applying and/or are interested in this position

I have a strong desire to apply to this position because I would like the students at the Cal state La campus to feel indulged, comfortable, inclusive and to feel at home while they are attending. I believe that the stronger the school spirit is on this campus the better the students will perform in class, due to their strong desire to come to class, as well as the recruitment, and desire for students to attend cal state la will be much stronger.

3. What do you feel are some of the major problems facing the students of CSULA?

I feel as if the a major problem with the students at cal state la would be the lack of school spirit, and I believe that the lack of school spirit is due to the fact that the school is primarily a commuters school. This causes the students to just come on campus to take their classes, and leave, and not be involved in school activities, which leads to lack of school spirit. I also believe that there is not enough promotion of these activities. As well as not enough inclusive activities, Cal State La promotes themselves on diversity, therefore I feel as if their activities should promote this.

4. List activities and/or organizations that you have been involved with (on or off campus)

I have been involved in black student Union, Rise peer mentor program, Halisi scholar living learning community, track and field team, Halisi steppers

First Name:	Diana	Monday:	N/A
Last Name:	Chavez	Tuesday:	9:00 am to 12:30 pm
Position:	Undergraduate Academic Senator	Wednesday:	N/A
Major:	Political Science	Thursday:	9:00 am to 12:30 pm
Class:	First Year	Friday:	11:00 am to 3:30 pm

1. What previous experience have you had in the area in which you are applying for?

Participating in the Debate and Forensics team taught me about professionalism, policy, and how to get my point across through a respectable manner. For a whole semester, I practiced how to correctly prove a point by demonstrating evidence and explaining the impacts of the resolution. The resolution can go from policy, fact, or value and I have experience on each of those. I know how to construct a well off paper to debate in 30 minutes through practice and tournaments. My first tournament I had to debate many different resolutions even if they are relevant or not to the U.S. I debated in the range of "Jay-Z is more successful than Beyonce" to "Should the U.S increase the minimum wage to \$10.00". Each of these resolutions I constructed background, evidence, and impacts in order to prove it wrong or right.

I also participated in speaking in front of big audiences. I represented my communications class in an event called Public Speaking Showcase at Cal State LA. I presented my persuasive speech in front of students that I did not know. With these communication skills I can speak in front of an audience whether it's big or small and feel confident that I will not make any mistakes.

2. State briefly why are you are applying and/or are interested in this position

The reason why I am applying to this position is because I am a Political Science major emphasis in Pre-Law. This position can help provide opportunities for my future. As a minority, not many of us receive opportunities and I believe with my dedication and experience, I can obtain the requirements to become a proper academic senator.

I am also interested because of the role this position carries. I will be able to help students' in their college journey and guide them through the right decisions in order to graduate in four years or however years they choose to spend.

3. What do you feel are some of the major problems facing the students of CSULA?

A major problem students of CSULA face is not contacting their advisors or contacting their advisors too late. Many students do not contact their advisors at all or only once or twice a semester. There are only two reasons behind this; one being the advisor may be busy or two the student contacts the advisor too late, meaning that once the students see something is not working out for them and they need that class in order to graduate or something then they contact their advisor. Instead the student should be with their advisor months before in order to start planning their next semester or ask questions right away before they forget.

Another problem is, the international students, or students who come from out of state, or from a community college do not know the recourses they are given to at CSULA. Many go on trying to graduate and do not realize the opportunities they can get from joining clubs, or organizations, and all that to become more comfortable with themselves in a new school.

Another problem and this specifically goes along with seniors are the insecurity they get once they receive their

Major:	Political Science	Thursday:	4pm to 6pm
Class:	Sophomore	Friday:	9am to 6pm

1. What previous experience have you had in the area in which you are applying for?

Applying for ASI Academic Senator, I feel prepared because being in the Speech and Debate Team on campus, I have developed the essential communication skill to properly communicate ideas and goals which I'm going to apply in this position to effectively communicate with peers, faculty, and administration to get things accomplished.

2. State briefly why you are applying and/or are interested in this position

During my first year on this campus, I have been getting involved and starting to get to know the campus more, with this position my goal is to get more involved and helping with the inner working of the university to help in the effort of making this campus the best it can possibly be.

3. What do you feel are some of the major problems facing the students of CSULA?

CSULA is such a wonderful campus with an abundance of opportunities, but school spirit seems to be not present on campus, I'm continuously hear from my fellow peers they are disappointed in the lack of spirit. Also, the student constantly expressed the financial burdens or difficulties with transport and parking, CSULA is a commuter school, making it difficult for students to efficiently schedule their academic, extracurricular, work, or personal relationships.

4. List activities and/or organizations that you have been involved with (on or off campus)

I had been involved with the Speech and Debate Team on campus since my first semester at CSULA, I have attended several tournaments presenting speeches.

The National Society of Collegiate Scholars, even though I just got involved, there already community service events being planned for next semester.

EOP has not only help me financially, but to had helped me with further networking and get involved on campus by attending their events and workshops and having connections with more counselors.

Lastly, I'm also involved with Alliance Mentorship Program, this year I have been involved as a mentee, but as a sophomore, I'm going to be a mentor for the new incoming freshmen. I personally decided to continue being a part of this program because as an alumnus from the Alliance school district, first-generation student, and as a previous mentee, the program has greatly help me with translating from high school to college, and now I want to help other incoming freshmen have a smooth transition as well.

Major:	Master of Science Business Administration	Thursday:	3:30PM to 6:00PM
Class:	Graduate	Friday:	3:30PM to 6:00PM

1. What previous experience have you had in the area in which you are applying for?

As an Academic Senate member this will be my first position in this role. I have however, previous experience in academic and department organization and activity planning from my previous program and role as the chairman of the Association of Political Science. I have been continuously in leadership positions in my previous institutions as Captain of the Rugby team in my High School, and a Rugby Union Trainer during my college years. I look forward to combine my skills and help our community grow and help our students create better careers.

2. State briefly why are you are applying and/or are interested in this position

I am interested in this position because I like to engage, learn, contribute and help my university achieve greater academic goals. I feel that individual outreach is a key to development of successful students and careers. I look forward to engage with the ASI and the administration to achieve such goals.

3. What do you feel are some of the major problems facing the students of CSULA?

I will outline two issues that may need to be addressed.

Students are not able to find and understand academic mentoring on campus. Although the university provides advising, students are not able to adjust and find focused academic paths toward faster graduation. This results in more time spent in pursuing educational goals and joining the workforce late. Also students end up spending much more on tuition. As a result some find themselves demotivated to pursue a Masters program. Hence, we should address the issue through a better advising and mentoring strategy to make sure that students stay focused and choose majors early on and graduate on time toward better careers.

Second, there may be a need to revitalize the CSULA brand and make sure students feel proud of their school, this requires more student engagement, more housing facilities and more effort in an urban setting of the campus. With lack of student attentiveness toward university activities the productivity of the university will lack results and generations of graduates year after year will not be able to have the attachment back to the institution, hence, we will have a weaker alumni network and not be able to tap our potential as students, individuals and an institution.

4. List activities and/or organizations that you have been involved with (on or off campus)

I have been involved with the International Students Organization
I also Attended the Leadershape Program in January 2018
I am also a member of Leadership Development Association

ASI Chief Justice Application 2018-19

Application Ref ID: 4013 | Submitted: Friday, April 27, 2018 - 12:13pm

First Name:	Candy	Monday:	8 AM-1:40 PM & 2:55 PM-6 PM
Last Name:	Noriega	Tuesday:	9:15 AM-6 PM
Position:	Chief Justice	Wednesday:	10:45 AM-1:40 PM & 2:55 PM-6 PM
Major:	Criminal Justice & Sociology, minor Psychology	Thursday:	9:15 AM-6 PM
Class:	Senior	Friday:	All Day

1. What previous experience have you had in the area in which you are applying for?

The experience that I have for Chief Justice is the following: I have been in ASI since my second year at Cal State LA and have served as Associate Justice in 2016-2017. Currently, I serve as Xu HHS College Representative in 2017-2018. Although I did not serve on the ASI during my first year on campus because of eligibility, I had acquainted myself with the individuals (VPA, S/T, CRAL, VPF) serving during 2015-2016 and was informed of ASI procedures, policy, etc, through their experiences/interactions. Additional experience I have is serving on the University-Student Union Board of Directors, in which I also acquainted myself with the current serving board during my first year. I have served as a student member 2016-2017, during which I introduced my first amendment to the Board of Directors bylaws regarding eligibility and distinction between ASI and the U-SU Board of Directors, and after laying out my reasoning to the board, it was passed. I am currently serving as Vice Chair for 2017-2018 and have been elected to serve in 2018-2019. I have also been taking a course called, "Introduction to Parliamentary Procedure: Dynamics of Leadership", offered through a partnership with the University of Wisconsin and the National Association of Parliamentarians. Once completed I will receive the title of Registered Parliamentarian® (RP®) and be officially registered into the National Association of Parliamentarians. As I have served as Associate Justice, I have a good understanding of the bylaws for the organization and the duties of the Chief Justice, but to refresh my memory I will be reviewing the updated bylaws to be prepared if appointed into the position.

During the submission of this application I am still in progress of completing the course to receive accreditation.

2. State briefly why are you are applying and/or are interested in this position

I am interested in the position because it will help develop my understanding of policy and procedure. I will be applying to create my own interdisciplinary graduate program using research from Harvard on the topic of Political Anthropology which is a "contextual specificity of political processes, the mechanisms through which localities are incorporated into larger scales of social, economic, and political life, and the sentiments and meanings that people bring to their political practices." I aspire to enter government through an unconventional grouping of multiple disciplines to garner an out of the box way of thinking. My goal is to one day be a supreme court justice, but that's in the long run and I feel that this position would be a great experience to me and wonderful opportunity that will assist me towards that goal.

3. What do you feel are some of the major problems facing the students of CSULA?

There are many problems that students face, some of which I have seen and others that I have been through myself. There is a lot of resources that are not being used that are not known about, another is the cloud hanging over students about how they are going to pay for college the tuition increase may have been delayed, but if the state doesn't fully fund us we're going to feel the repercussions and eventually an increase can't be fought by protest and numbers. With the current presidential administration things have been unsure for our undocumented students and our students of color are also becoming targeted, reversing the snail's pace progress that has occurred in society and an increase in white supremacist thinking has been on the rise once again. The idea though is not what are the problems but what can be done to change it or what do we see that we can do. Something that can be changed that I have seen done at other CSU's, more so CSUN as I attended there my first year, is the digitalization of the advertisement for events. Even high schools have already started this and yet we haven't even begun to go that way. This could reduce use of paper which would be more eco-friendly and eventually reduce cost leaving room for funds to be moved into other areas besides advertisement. I know that there has been discussion and the issues brought up is cost, but that doesn't mean that eventually the digital advertising won't pay for itself. I think that another major issue is that administration is stuck with one way of thinking and they don't know another way so eventually it hurts students because our involvement with them is lacking. That needs to change more than anything else.

4. List activities and/or organizations that you have been involved with (on or off campus)

U-SU Board of Directors 2016-Current, Student Member 2016-2017, Vice Chair 2017-2018; ASI 2016-2018, Associate Justice 2016-2017, Xu HHS College Representative 2017-2018; Alpha Sigma Tau Sorority 2015-2016, Director of Music & Greek Week Delegate 2015-2016; Collegiate Panhellenic Association 2015-2016, Alpha Sigma Tau Alternate Delegate 2015-2016; Order of Omega Honor Society 2015-Current, Vice President 2017-2018, President 2018-2019; P3: Play, Promote, Participate 2016-2017; Golden Key International Honour Society 2015-Current; Her Campus at Cal State LA 2015-2016; New Student and Parent Programs 2017-Current, Orientation Leader; Boy Scouts of America 2013-2017, Troop 551, Venture & Den Leader; The National Society of Leadership and Success 2017-Current; Pre-Law Society 2017-Current, Associate Member; Alpha Phi Sigma 2017-Current; Talons Orientation/New Student Partnership 2017-Current, President 2018-Current; Criminal Justice Student Association 2017-Current

ASI Associate Justice Application 2018-19

Application Ref ID: 4055 | Submitted: Thursday, May 24, 2018 - 3:34pm

First Name:	Mikaila	Monday:	8:45am to 9:45am & 12:15pm to 1:20pm
Last Name:	Ishaaya	Tuesday:	9am to 10:30am & 12:15pm to 1:20pm
Position:	Associate Justice	Wednesday:	8:45am to 9:45am & 12:15pm to 1:20pm
Major:	English	Thursday:	9am to 10:30am & 12:15pm to 1:20pm
Class:	Sophomore	Friday:	12:15pm to pm 1:40pm

1. What previous experience have you had in the area in which you are applying for?

Prior to attending Cal State LA, I avidly participated in speech and debate (and am currently moving to join the CSULA forensics team). Through non/argumentative speaking, including timed, impromptu debates, I expanded my ability to think quickly on a given topic and present flushed out stances on the matter. I additionally learned basic protocol for Robert's Rules of Order during my speech and debate years.

2. State briefly why are you are applying and/or are interested in this position

My primary reason for applying to this position is a larger interest in law. The associate justice position, specifically with its inclusion of grievances, is therefore a source of intrigue to me. Further, as a CSULA student, I have a personal concern in not only learning how the school runs, but in taking on a more active role in student life.

3. What do you feel are some of the major problems facing the students of CSULA?

Following my first complete year at CSULA, it has increasingly come to my attention that a majority of students lack a basic understanding of how their own school runs and, more importantly, how their student government works to benefit them. This is not the fault of any particular party, but having heard student grievances first-hand that are not brought to ASI, it is progressively more obvious that clear problems are not being addressed.

4. List activities and/or organizations that you have been involved with (on or off campus)

In addition to speech and debate experience, I work with both oil paint and charcoal, provide campus tours for prospective Early Entrance Program students, and volunteer with a group which prepares boxed dinners for underprivileged families during the holidays. I have also begun working for attorney Cecile L. Hester at Hester Law Group, APC.

ASI Position Appointments

- Vice Chair for Finance

"...For the Students, by the Students!"

Associated Students, Inc. 2018-19 Committee Appointment Application

Application Ref ID: 4066 | Submitted: Friday, May 25, 2018 - 6:13pm

First Name:	Lily	Monday:	
Last Name:	Nguyen	Tuesday:	
Position:	Vice Chair for Finance	Wednesday:	
Major:	Biochemistry	Thursday:	
Class:	Senior	Friday:	12-2

1. What previous experience have you had in the area in which you are applying for?

I served as the Vice Chair of the Funding Sub-Committee and sat on the Finance Committee during my time as NSS College Rep for the 2017-18 academic year. While on the Funding Sub-Committee, I became well versed in the ASI funding policies and worked closely with the Vice Chair for Finance and Vice President of Finance to thoroughly review club funding proposals before each meeting. I am already familiar with the duties and responsibilities of the Vice Chair for Finance.

2. State briefly why are you are applying and/or are interested in this position

I am applying for this position because I greatly enjoyed being a part of these committees during my term. I love interacting with the student leaders of all the various clubs and orgs on campus and being able to help them financially to accomplish their goals and outreach to more students.

3. What do you feel are some of the major problems facing the students of CSULA?

One major problem facing CSULA students that pertains to this position is the limited awareness of club funding opportunities available through ASI. As a student leader on campus, I have been able to take advantage of ASI club funding so that I can hold more events to outreach to students and I don't have to worry about breaking even on fundraisers. I think that club funding is an integral way that ASI uses student fees to give back to students. Through my involvement in clubs and orgs on campus, I've discovered that many clubs are either unaware of this beneficial service or believe that it's too much work. I've personally assisted many clubs seeking funding to apply for ASI funding so that they can hold their events. I want to encourage more clubs to take advantage of club funding and also clarify the funding proposal process to make it more accessible.

4. List activities and/or organizations that you have been involved with (on or off campus)

I currently serve as the Mental Health committee chair for the Student Health Advisory Committee and the Treasurer for the Vietnamese Student Association. I have previously served as the President of the Early Entrance Program Club, ASI NSS College Rep, and Event Coordinator for the Chemistry and Biochemistry Club, in addition to many other leadership positions.

1. What previous experience have you had in the area in which you are applying for?

Some previous experience that I have include Orientation Leader, President of the Residence Hall Association, Housing and Residence Life Representative and lastly I work at the Information and Events front Desk so I am fortunately always updated on things that are going on in campus.

2. State briefly why you are applying and/or are interested in this position

I am interested in this position because I not only enjoy planning out events for my fellow classmates but I like to see when students get involved in a space where everyone is welcomed and where they can see the potential our school offers to their future careers.

3. What do you feel are some of the major problems facing the students of CSULA?

Some pressing problems that Cal State LA students face is the lack of knowledge of the resources we have on campus, students are so quick to think " Oh we're a commuter campus so nothing on campus is really available to us." This type of mentality is something I feel this position has the power to change.

ASI Cabinet of Commissioner's Application 2018-19

Application Ref ID: 4085 | Submitted: Thursday, May 31, 2018 - 3:07pm

First Name:	Jourdan	Monday:	11am-2:30pm
Last Name:	Pineda	Tuesday:	1pm-2:30pm
Position:	Public Relations & Marketing Commissioner	Wednesday:	11am-2:30pm
Major:	Communication (Option in Public Relations/Advertising)	Thursday:	1pm-2:30pm
Class:	Junior	Friday:	9am-5pm

1. What previous experience have you had in the area in which you are applying for?

I am was the Public Relations and Marketing Commissioner for the Spring Semester 2018. Before that, in high school I was the Digital Editor for the newspaper. This included introducing the social media for the newspaper and attending meetings to figure out what future events we wanted to cover. During college, part of the Special Collections Department in the library where I ran their instagram page, as well as helping out the communications director in the library. I am currently interning at Little Market Bistro, a small food start up where I am helping to run their instagram page.

2. State briefly why are you are applying and/or are interested in this position

I have learned many aspects on how to be successful during my term in the Spring. I felt that I still have many ideas to accomplish in ASI, and I have finally started to get familiar with everyone one working there. Although there were obstacles during my term, I felt that they were learning opportunities for me! I am still very much interested because I have started to work closely with Marcus to improve and clarify the powers of the Public Relations and Marketing Commissioner.

3. What do you feel are some of the major problems facing the students of CSULA?

I felt that student involvement and the college experience is sometimes non-existent on campus. Not many people know the opportunities and campus wide events that they may be interested in. ASI can serve a platform to inform students of the interesting clubs, organizations, and opportunities Cal State LA has to offer. Letting students know the variety of events being held on campus can greatly increase student evolvment and the overall outlook of the school in general.

4. List activities and/or organizations that you have been involved with (on or off campus)

Major:	Urban Learning	Thursday:	3:30-4:30PM
Class:	Senior	Friday:	3:00PM-6:00PM

1. What previous experience have you had in the area in which you are applying for?

I was involved in student government during all four years of high school. As a working college student, I know how important that fair representation of a college-specific student body is. Within student government, I have experience in certain policy making that affected the student body where I attended high school.

2. State briefly why are you are applying and/or are interested in this position

As a transfer student to Cal State, Los Angeles' Urban Learning program within the Charter College of Education, I have first hand experience involving the complexities of the Commission on Teaching Credentialing and how it is related to the blended program, Urban Learning, as well as other credentialing options offered within CCOE. As a liaison between the students in the Charter College of Education and the policies which are in place, I will strive to become well versed in such policy that affects each students' academic life. In summation, the students within the Charter College of Education deserve transparency, efficiency, and integrity, and I plan to bring these qualities to the table.

3. What do you feel are some of the major problems facing the students of CSULA?

Some major problems students are facing at CSULA, especially in the CCOE, are transparency of programs offered. Also, another huge problem within the CCOE the ability to be flexible within each individuals academic realm (classes are offered only in the evening, it's urged to stay within one cohort, the fact that, within the same degree (Urban Learning), multiple subject students, when compared to education specialist, are awarded their degrees at different/disadvantaged times).

4. List activities and/or organizations that you have been involved with (on or off campus)

I was involved with high school sports, Boys and Girls club, FCCLA (Family, Career, and Community Leaders of America), in school tutoring/advocacy club, and donate some of my time to local homeless shelters serving the LGBT+ youth community of Los Angeles County.

In the major I have already established a working relationship with the Department chair of Communicative Disorders. I have served as president of the speech and debate team at California State University Los Angeles making me an effective and efficient communicator. I am also in-tuned with the student body.

2. State briefly why are you are applying and/or are interested in this position

I am interested in this position to be able to advocate for the students in my college. I would like to give them a voice and see that their needs are being heard by the administration and they are being met.

3. What do you feel are some of the major problems facing the students of CSULA?

One of the biggest problems for students I have encountered, class scheduling is one of the main concerns. Even more so amongst the working students. The HHS school also needs more engagement in campus events. Most of the school is restricted to one corner of the campus and I want to see the school represented more at large amongst the Cal State LA population.

4. List activities and/or organizations that you have been involved with (on or off campus)

I have severed as president of the Forensic Speech and Debate team at California State University Los Angeles. I also assisted in teaching ESL level 1 and 2 courses with Project SHINE while attending City College San Francisco.

Position:	RongXiang Xu Health & Human Services Representative	Wednesday:	1:30PM- 6PM
Major:	Social Work	Thursday:	After 2 PM
Class:	Senior	Friday:	Free All Day

1. What previous experience have you had in the area in which you are applying for?

I served as the HHS representative during the 2017-2018 school year. Throughout the year I served I gained knowledge on the position and found the resources needed to serve this position properly. I made connections with key staff in the Health and Human Services College such as Dean Vogel and Associate Dean Hertz. I also met with the department chairs within my college to discuss the issue pertaining to their department. In addition, I also made connections with departments on campus like the Cross Cultural Center and Health Center to create programs that brought awareness to our campus pertaining to health related issues.

2. State briefly why are you are applying and/or are interested in this position

I am interested in applying for this position for the 2018-19 school year because I feel like there is still more I can do. During the 2017-18 school year my co-rep and I focused a majority of our time on programming. It wasn't until the Spring Semester that we began focusing on the advocacy side. If appointed I would like to, focus further on the advocacy side. I plan to do this by working closely with the VPAG and Academic Senators to bring the issues presented to me by students and staff to them directly. I would still like to focus on maintaining the relationships already established with the departments on campus but also fostering new ones.

3. What do you feel are some of the major problems facing the students of CSULA?

There are many issues I see on campus such as lack of involvement from the student body and I want to establish the knowledge of what ASI is and what it can do for students. Many students do not know what ASI is and simply know it as the office where you get free scantrons and blue books. I want to bring awareness of what we are and what we do for students. Many times students, have complaints pertaining to campus or staff and they don't really know where to go from beyond posting about it on the book exchange. Therefore, I want to make students aware of the ways we can help and the process in which they can file grievances or petition their grades. In addition, many of our students face every day issues like lack of support, food insecurity and simply not knowing about the resources offered to them on campus. Due to this I would like to help students know that there are resources and this can be done through a one-stop shop list or by having tabling's at our events. I would also like to continue doing in-class presentations because I feel they are very effective and informative.

1. What previous experience have you had in the area in which you are applying for?

In the past, I have had leadership roles in representing students in my high school. I was involved in ASB, which stood for Associated Student Body. Currently at CSULA, I hold the responsibility of Social Chair with Hermanos Unidos. My main job is to represent my familia with other familia's at other UC's or CSU's and establish connections with the familia's.

2. State briefly why are you are applying and/or are interested in this position

I've been interested in joining ASI fro quite some time now, I've even made attempts to speak to past members. I had asked them to share their experience with ASI. After hearing them, my longing to join grew stronger. My reason to join was to become more involved on campus, starting with representing my college. I long term goal if I were to get the position I'm applying for is to get word out about ASI to students. Informing them that there is a student run government here for them and that they are being represented fairly. In saying this, perhaps students would get more involved with ASI and become more interested in it. I also have great interest in how student government runs on campus since I aspire to work in government as a career.

3. What do you feel are some of the major problems facing the students of CSULA?

Truthfully, I feel one of the biggest missed opportunities that face the students of CSULA is communication with there student body. For most students that I personally know, issues they have brought up in the past were not knowing what was happening within student body. Adding my personal experience as well, I feel there is very little transparency with what organizations, programs, and activities are happening on campus. Another problem I feel is apparent on campus is a lack of involvement with students on campus. I had the idea that CSULA was a commuter school, which lead me to not being involved on campus. It wasn't until I joined Hermanos Unidos de CSULA that I erased that stigma about college.

4. List activities and/or organizations that you have been involved with (on or off campus)

On campus, I'm currently involved with Hermanos Unidos de CSULA. I've been a member for two years, however, it wasn't until this past year that I become more involved with the organization. I look forward to continuing being an active member.

Friday:

1. What previous experience have you had in the area in which you are applying for?

Prior to this position I held a manager position in retail. As manager I made sure my coworkers worked in a fair and equal environment. I allowed the girls to feel voiced in their opinions and participated in making the environment feel welcomed. The reason I list this position is not because of the "retail", but because it allowed me to work on my leadership skills. Being a manager is always rough, yet looking to better the environment as a whole and better yet for those who are intimidated or afraid to speak up is the real accomplishment in a leadership role. The skills I obtained allowed me to better communicate with everybody involved supervisors and coworkers. It put me in a position to be more observant of problems and finding resolutions to the problems. I believe I can apply these skills to this position as I will be able to speak for my colleagues as well as continuing to practice my own skills in communicating with people whom I know can help me make a difference.

I was also involved in last years ASI Legislative Affairs Committee where I was able to get a better understanding of what it feels like to become more involved on campus and familiarize myself with student advocacy. Being a part of the committee opened my eyes to how empowering it felt to take action on issues affecting our campus such as preventing a CSU tuition increase. I attended CHESS in Sacramento and found it to be an amazing opportunity I felt proud to be a CSU student speaking for the rest of our student body. Aside from that I was also involved in helping set up candidate Debate for District 51 with Wendy Carrillo as well as welcoming guest speaker Emiliana Guereca in having a open forum with our students. Continuing open forums will allow for diversity and open discussion between our students and influential guest speakers. My passion for wanting to be involved on campus will help me fulfill this position as the Diversity and Inclusion Officer.

2. State briefly why are you are applying and/or are interested in this position

I am interested in this position because I want to be more involved and ensure that equality is being upheld on campus. I would like to practice being more hands on and surround myself with an empowering group of students who similarly share an interest and take action in bettering our school and student body as a whole. While gaining an education in a classroom environment is great, I believe it is not sufficient enough to gain as much knowledge and confidence as I can get as being involved vocally and in an active group. Being given the Diversity and Inclusion Officer title I will be able to communicate with a variety of our campus student centers and resources to confirm that everybody is granted equality. I understand that surveys taken by all students can be a way of getting a feel for the schools environment.

3. What do you feel are some of the major problems facing the students of CSULA?

Some major problems currently facing CSULA are parking; infrastructure. Students lacking knowledge of campus resources such as writing center, math center and student health center, Gender equality, DREAMERS and DACA applicants.

4. List activities and/or organizations that you have been involved with (on or off campus)

I am currently involved in CSULA 's Pre Law Society as the 2018-2019 event coordinator.

Application Ref ID: 4024 | Submitted: Thursday, May 3, 2018 - 1:30pm

First Name:	Candy	Monday:	8 AM-1:40 PM & 2:55 PM-6 PM
Last Name:	Noriega	Tuesday:	9:15 AM-6 PM
Position:	NSS Student Affairs Subcommittee Member	Wednesday:	10:45 AM-1:40 PM & 2:55 PM-6 PM
Major:	Criminal Justice & Sociology, minor Psychology	Thursday:	9:15 AM-6 PM
Class:	Senior	Friday:	All Day

1. What previous experience have you had in the area in which you are applying for?

I have been in ASI since my second year at Cal State LA and have served as Associate Justice in 2016-2017. Currently, I serve as the Rongxiang Xu HHS College Representative for 2017-2018. I have served as a student member for the University-Student Union Board of Directors for 2016-2017. I currently serve as the Vice Chair on the U-SU Board of Directors for 2017-2018. I have an executive position in various other clubs.

2. State briefly why are you are applying and/or are interested in this position

I have been working at the College of Natural and Social Sciences, Office of the Dean for a while now and I see when meetings go on. What I have been told from my supervisors, is that there is an inconsistency of attendance from the appointees of 2017-2018 and they want to have consistent student representation. I have already asked when the meetings occur and the times they meet, as I do not have a course at that time I will be able to attend. I want to be able to provide my student perspective with affairs regarding my college and it would be interesting to also share ideas and express my concern in an environment where I know those sitting on the committee and can freely speak.

3. What do you feel are some of the major problems facing the students of CSULA?

In a previous application I stated some of what I saw as major concerns on campus an additional thing that I would like to add is that students don't feel that they can be involved because they don't understand how to and where to begin getting involved. The first issue is the understanding of what it means to get involved. One thing that I've heard over and over is that as ASI we work for the students a phrase that was stated is "we don't come crying to you, you work for me, for us". First of all the issue with that mindset is what has created a large percentage of the turn over rate of members that were in ASI. Student's mistakenly believe that being in ASI is a job instead of volunteer position we do not WORK for anyone but ourselves. ASI members give their time to support and volunteer for anything regarding increasing student's voice. We do not get paid for the work we do and the stipend that is given is an incentive that isn't even adjusted for cost of living. Even though many give multiple hours to ASI and it begins to feel like a job, it's not and that's something that students don't understand which make some people wary of becoming involved. That entitlement to ASI is creating a gap between the student body and ASI, that is something that needs to be addressed immediately. ASI members are students too and that seems to be something that is often ignored.

4. List activities and/or organizations that you have been involved with (on or off campus)

U-SU Board of Directors 2016-Current, Student Member 2016-2017, Vice Chair 2017-2018; ASI 2016-2018, Associate Justice 2016-2017, Xu HHS College Representative 2017-2018; Alpha Sigma Tau Sorority 2015-2016, Director of Music & Greek Week Delegate 2015-2016; Collegiate Panhellenic Association 2015-2016, Alpha Sigma Tau Alternate Delegate 2015-2016; Order of Omega Honor Society 2015-Current, Vice President 2017-2018, President 2018-2019; P3: Play, Promote, Participate 2016-2017; Golden Key International Honour Society 2015-Current; Her Campus at Cal State LA 2015-2016; New Student and Parent Programs 2017-Current, Orientation Leader; Boy Scouts of America 2013-2017, Troop 551, Venture & Den Leader; The National Society of Leadership and Success 2017-Current; Pre-Law Society 2017-Current, Associate Member; Alpha Phi Sigma 2017-Current; Talons Orientation/New Student Partnership 2017-Current, President 2018-Current; Criminal Justice Student Association 2017-Current

Thursday:
Friday:

1. What previous experience have you had in the area in which you are applying for?

I was involved in the Cal State LA Foundation Board of Directors Committee in previous semester. I really appreciate the opportunity to meet and connect with different members, staff, and faculty from different fields, and how we work together to build a better community at Cal State LA.

2. State briefly why are you are applying and/or are interested in this position

I'm interested in this position because I would like to be a part of making positive changes to the Cal State LA community. I want to serve in a leadership position and to represent students' needs, how to improve the quality of student experience on campus, and how to build a stronger community at Cal State LA. I'm enthusiastic to network and connect with different groups of students, administrators, faculty, and members in the community. I would like to be a positive difference maker not only on campus but also in the community here at Cal State LA. If selected for this position, I would be honored to represent and serve on the Cal State LA Foundation Board of Directors Committee.

3. What do you feel are some of the major problems facing the students of CSULA?

I think one of the major problems facing the students of CSULA is how to balance resources and support services that cater to students' needs in terms of helping them to be successful with their academic works and extracurricular activities on campus. Many students struggle to find support for maintaining a balance between their professional and personal lives with their schedules such as classes, activities, work, internship, volunteer, etc. The second issue is how to develop and provide more affordable housing options for local students, out-of-state students, and international students. Another problem would be focusing on the well-being of students, how to make avenues of mental health more accessible to students, how to offer more affordable options for healthcare coverage, and other issues related to student health.
