a. Appointment for vacant ASI and Campus Committee Positions – Board of Directors appoint individuals to the following vacant ASI and student committee position.

i. Chief Justice Appointment (s) - Nia Allen

1. 30 seconds for the candidate to explain why he/she would qualify for Chief Justice Position.

- Nia Allen: Was a spirt commissioner. Will devote her time and due to her past experience she believe she has the ability and skill for the Chief Justice position

2. Open for two questions by Nia Johnson.

- Jocelyn Vargas: So Chief Justice position mainly sit in meeting and make sure things run smoothly. What else would you do in your position besides setting training that the committee can benefit from?
- Nia Johnson: Take suggestions of what the board committee want, and do her best to implement the suggestion.
- Aaron Castaneda: Is this your set schedule, and how does your schedule look like between Monday and Thursday?
- Nia Allen: During school year I have class on Monday and Wednesday during afternoon and Tuesday and Thursday no class.

- Unknown: So clarification you had applied for both position which is Chief Justice and House commissioner. Which one are you more applies for or going for?
- Nia Allen: Wasn't sure which position would be best qualifies so I just decided to apply for both position. Due to the information that is being pick up about myself in this position I came to conclude that Chief Justice was the one that qualified me more.
- Nia Johnson: I believe it was a typo, her name isn't supposed to be there. She didn't get interview by Jesus Mora for that position.

3. Open for discussion by Nia Johnson:

- Nia Johnson: Reviewing Chief Justice Positon. The Chief Justice Position are our ASI Robert Rules specialist. They assist and regulating the meetings. The person whose under this positon is needed to know how to use Robert rules and able to have leadership skills.
- Unknown: I have class with her and we had talked about her commitment to the position, as well as discussing the Robert rules. She's willing to work hard for this position and she does not give up. Watching her able to break down and push through hard classes shows her work ethic therefore I'm in favor of Nia Allen.
- Nia Johnson: Able to make a recommendation for Nia Allen. Due to her second time applying for ASI, this shows her dedication for the position Nia Allen wanted. Nia Allen have an experience of using the Roberts Rules in her club but because she never worked at ASI she will be expose to new concept where she'll be able to learn and pick up the way ASI use the Robert rules.
- Davona Watson: in favor of Nia Allen, working with her at the student union shows how she was on top her deadline due to her position as a secretary. If she have an options she is very respectful on how she'll choose to express them.

Offered By:	Veronica Garcia-Martinez	Seconded by:	Rashad Freeman			
Motion to appoint the Chief Justice position.

All in Favor	ALL	Opposed	None	Abstained	0	Motion: Passed

ii. Associate Justice(s) - Gabriel Babuch

1. 1 minute for the candidate to explain why he/she would qualify for Associate Justice.

- Gabriel Babuch: This is the second semester I'm trying to apply for the position of Associate Justice. I had a narrow scoop therefore it wasn't a successful outcome trying to get the position. But because of the recognition of the flaws, I was able to correct them and reapplied.

2. Open for two questions by Nia Johnson.

- Jacquelyn Acosta: Since you mention you changed things, what are the things you are talking about and what habits did you change from last year to this year so that this position can benefit from?
- Gabriel Babuch: the two important things are the active participate to the committee, and this important of dead line.
- Rashad Freeman: what can you do to accomplished this successful?
- Gabriel Babuch: Being at the chair and finalizing the meeting, and everything that is expected of me is very important. Future engagement such as posting monthly of the Robert's Rule.

3. Open for discussion by Nia Johnson:

- Nia Johnson: He is reapplying for the position and reiterated his changes and why he's qualify, excited and dedicated. I would not make the recommendation for him due to the second attempt. He already demonstrated that he didn't work effectively the first time.
- Aaron Castaneda: Appreciate that Gabriel reapplied. It's nothing personal but I have a doubt about his commitment to the committee.
- Rashad Freeman: My understanding that he is taking 22 units this semester. Looking at his application he only have two hours to commit to ASI which doesn't show his dedication to the ASI committee. I do not in favor him.
- Jocelyn Vargas: I applause him for coming back but he have been in the organization for two years. The ASI president met with him and even communicated with him on how he may improve in ASI.
- Veronica Garcia-Martinez: Maybe creating a contract with him. He shows determination to change, like why else would he be coming back to reapplied. I don't know him personally but it seems as if he is trying to meet the requirements. There's obviously something he's passionate about.
- Krystal Rubio: Agree with Veronica Garcia-Martinez. He shows a lot of persistent, showing his work ethic due to the reapplied.
- Raul Rodriguez: He even said he's taking in consideration that he can do better in his position. We can only give him another opportunities to grand his wish.
- Jacob Amaya: He did have two years to bring it up. It's a slap on our face the third time if he still demonstrate his habit the same as the two years he's been in ASI. At the end of the day you should look at the resume. I'm not in favor
- Aaron Castaneda: I like the idea of the contract.
- Intef W. Weser: reviewing the individual contract.
- Aaron Castaneda: I do agree in chances.
- Jacquelyn Acosta: replay to Veronica Garcia-Martinez, if there's a contract for the employees' individual, this just shows that we don't trust or have faith in him in doing his job.
- Jocelyn Vargas: reply to Veronica Garcia-Martinez, we are told what is expected from us in orientation. This is his third year and that it already too late to prove him else. I'm not in favor.
- Intef W. Weser: When I met with him individually, he was very serious and I gave him the feedbacks on how to improve. He had a leader who didn't motivate him enough, this year everyone is different the chief justice is different. There is a better understand with responsibility.
- Veronica Garcia-Martinez: To add on, something it's the teacher but not the student, he didn't have a guidance. This year is new and we have a new board, new environment, he can contribute to the ASI Meeting.
- Jocelyn Vargas: Agree with Intef, but most of us are returners and we might not have the best leaders but we know our responsibility. I would look for other direction for the guidance if I needed one.
- Jennifer Martell: he was given two year of opportunities, just a reminder it's easy to appoint him but harder to remove him.

- Veronica Garcia-Martinez: in favor, this is a new board, New Year, hope you guys give him a chance.

By having ideas such as the mentoring program.
 - Raul Rodriguez: I've knew him for one year now, this will give him the opportunity to get sat in the meetings and to be a part of meetings. He understand the dissatisfied of the student and the information he gets he realized he can give them the information himself. They try to fix the problem behind the scene so it won't get chaotic and turns into a bigger problem. The membership program can be great.
 - Jocelyn Vargas: in favor of him because his answer to my question was great. In ASI it's hard to get everyone involved and he can be the one to who helped improve the environment of the department and get everyone involve in the college.

IV. Special Presentations:

a. University Advancement Presentation - the Board will be informed Janet Dial on the role of the University Advancement office and how it pertain to ASI (Janet Dial: WE ARE LA).

- Janet Dial: This meeting has a very interesting process. I'm very impress and thank you for having me. Nia Johnson invited me today to talk about the university advancement and how the university can com together. Many of you are were probably here to hear the fundraising campaign. This will never happen again. In the campaign we'd want to raise \$75 million for the anniversary of Cal State LA in 2022. As if right now we have raised \$48 million and we actually have passed that number. We have donors, some are \$5 donner some are \$10 million donors. Nia Johnson were talking about how we should fundraised with ASI. One of the highlight of the campaign you can see on website. There are three numbers of the donor count. Theses number gets update once a week or once every two week. These number can fall into three category. We have many amazing alumni Rich Port Nova, he is retied now and he was the president of the children hospital. He is truly a leader and we are proud to have alumni succeeding. I just came from having lunch with president Covino. 25 Student of Cal State LA stood up and 85% of our alumni are living the area and most are coming back to make an impact. We hope they come back to make a different. USC made \$6 Billion and we are the smaller number but we are getting somewhere. We got 14 thousand graduate students and if we ask student \$20.19 we'll raise money a lot. Money can of course come from organization and clubs to bring money. WE ARE LA so again thank you again to what you do for Cal State LA.
- Nia Johnson: Is there any questions?
- Raul Rodriguez: What particular area are the campaign money use for?
- Janet Dial: if you want to establish a new program it'll go to a process. You have to go through a process. There are many way people can give money one way is unresent

dollar. This means it can go to the highest priority need. So most donor give out to the unrested fund. So it can go through anywhere.

- Raul Rodriguez: No profit.
- Janet Dial: in the begging stage is to see how the university wide, business. Politic to get involved.
- Raul Rodriguez: they have UCLA. Donor
- Davona Watson: who did you speak at the student union?
- Janet Dial: Alumni association, I talked to them to see how they are: first for black alumni.
- Jacob Isai Amaya: Is it the one you amphitheater.
- Janet Dial : yes April 16
- Jacob Isai Amaya: it was nice
- Nia Johnson: thank you Janet.

b. Role of the President's Designee Presentation – The Board will be informed on the Role of the President Designee (Jenn Miller: Role Of Presidents Designee).

- Jenn Miller: What are you going to see is the work chart of student life, dean student. I get the chance to support ASUI. I'll be in meeting supporting you. Dean does with work with the university by being engagement. Partner with academic affair. I work with a lot of faculty, to figure out student problem. If they have student concern I work with a team of staff to get support to find solution to help them. With you, I'm an assisted to help connect and go to meeting with Aaron Castaneda to run meeting. I also assist by bringing people to go to meeting. I met with the ASI president regularly to give her the support and give best advice on who to bring to the meeting. I also advocate with student like ASI. So if there's any concern student have you can also come to me for help as well.
- Nia Johnson: is there any questions?
- Jacob Isai Amaya: what is an appropriate questions you get asked?
- Jenn Miller: if I get it I'll answer it, if I don't I'll write it down and get back to you. But, the most question I get ask is about how the office and run and parking questions.
- Veronica Garcia-Martinez: How did you contrite for the tuition increasing?
- Jenn Miller: Student need to learn how to safety protest. They learn how to not to get hurt. Student passed out and other injuries happen. A lot of event and protest happens so, we have a lot of connect because of those event.
- Nataly Aviles: we are looking forward to work with you and it's a privilege to be there with you.
- Nia Johnson: Thank you

V. Information Items:

a. ASI workflow & Biweekly Committee - the Board will be formally informed of the reestablishment of the ASI Workflow & Biweekly Committee.

- Intef W. Weser: I want to encourage you all to refresh the page. We should have scholarship and each year.
- Nia Johnson: Now I would like to ask Jennifer to go over more about the committee.
- Jennifer: We voted on the work flow. This committee focuses on the by weekly online. By weekly for some of you guys were different. This year we want to focus on the work flow proposal. There was a lot of concern in the last meeting. We want this committee

so that everyone have assaying and get to edited and be able to present it. Then get it pass and see what's going on for both sides for executive and college rep.

➤ Nia Johnson: is there any questions?

b. ASI Scholarships and Awards Ad Hoc Committee - the Board will be formally informed of the reestablishment of the ASI Scholarships and Awards Ad Hoc Committee.

➤ Aaron Castaneda: scholarship and awards at the Ad Hoc Committee: by policy, unlike the work flow it's not really a policy. They both so the same thing but have different priority. This committee doesn't want to fund scholarship anymore. Fees that are being paid should not go to one thing, it should go back to campus to variety things. However there are other fund that we have from 1988 and we don't know who it is they give about 15 hundred dollar. Apart form that we have the book voucher program that we love to expand. The program is small right now because of the requirements. We'll met once or twice a month.

➤ Nia Johnson: any questions? There's no questions, know we'll move to the alternative funding referendum Ad Hoc Committee.

➤ Aaron Castaneda: So Ad Hoc Committees is when we'll met more frequently. We'll deal more with ASI and the referendum last year. Ad hoc Committee will review languages. We have new board new year therefore we'll be reviewing old once because it took us 8 months to start. We don't want to start from scratch we'll just make changes also we don't have to start new. We will met once every 2 week, 2-4 every Friday. The goal is to have it done by fall. Spring met once a month. We want to get this done, the sooner and better. So we can have it all done and everyone should get involve.

➤ Nia Johnson: Is there any questions? Yes

➤ Jacob Isai Amaya: what date?

➤ Aaron Castaneda: Every Friday, I know it's kind of your time and you don't want to be here.

VI. Discussion Items:

a. Policy Agenda – The Board will discuss student feedback and make suggestions for the CSSA Policy Agenda.

➤ Nia Johnson: I will yield the floor to Veronica Garcia-Martinez so she may talk about the document that was posted.

➤ Veronica Garcia-Martinez: So as I mention the public policy is the priority. We submitted the policy. I ask for input in group. I also put in the new ideas in the policy. But I want to make a last announcement if there's any other input so I may put it in. if any other issue we have here don't make it to the public CSSA we'll still make it accountable on campus. So if you guys have any additional issue.

➤ Nia Johnson: is there any other suggestion. Yes Davona Watson

➤ Davona Watson: There is a suggestion that I want to add. Increasing support to increasing food stamps. Cal State LA dollars. Just going off of Cal Fresh and etc. I have been hearing student in EOP that needs those support.

➤ Nia Johnson: Jenn Miller, I know you have information regarding that.

➤ Jenn Miller: yeah, the Cal Fresh is able to be open, we want to keep it open. We have the food pantry. We try to refill the pantry often with fresh food and vegie, trying to get fund and I'm trying to get grants.

- Jocelyn Vargas: As will as toilet tree pantry, basic hygiene, and general neutral language.
- Davona Watson: Two separate intention. Are you suggestion that for fresh product.
- Jenn Miller: EBT must have fresh fruit and veg connected for EBT. Want to increase EBT area
- Jocelyn Vargas: We can have document in different area.
- Nia Johnson: so are there any more questions?
- Davona Watson: option for vegan or veggie, milks and etc. not just snacks.
- Veronica Garcia-Martinez: I just want to thank Marcus, to prove resources for me from Naspa which is to support higher education.
- Aaron Castaneda: Thank Veronica Garcia-Martinez for doing this, she did a great job on putting this together because there's a lot of issues.
- Veronica Garcia-Martinez: Nia helps and Marcus.
- Nia Johnson: is there any other statement? Now calling College Representative that we couldn't connect on the first time.

VII. Reports:

a. ASI President: **Nia Johnson**

- Nia Johnson: I am planning to have a pizza with President Covino. I would like to make sure that I have a one on one conversation with the President. Very often and I want to provide the opportunity for the board to be able to communicate with him so that you all may inform him better on what the university want. We have sent out an email for signing up for the on lunch on Friday. Therefore if you're working on a project and want input for President Covino, he has a lot of information about to offer the university. This allowed a collaboration with him which helps the student on campus. With that being said, I'm helping with the CSSA. We want to make CSSA bigger, we're hoping for it to be big and host one of the meeting on campus. If we are successful I want everyone form the committee to be there. You guys can be in public form and get involved in CSSA. It's a wonderful opportunity so I encourage everyone to be there. Additionally, I had a second meeting with President Covino and Nancy, we talked about the awards to which we the university try to attain. Our University has been getting ready and want CSULA to be reorganize to see how we are giving back. Another thing is that having fresh produce on campus. I know Jenn Miller touch base with that. I notice that this is what's going around campus right now and I know that there was a food security but now it's going to get evolved. It isn't about giving food for student but it's about giving healthy food. Lastly, I'm in the process with having a meeting with Susan. She is the HR for the whole university, when I communicated with her on the phone she's very excited on how we can support ASI member and the full time staff. This is a new board and a new group I see growth in ASI.

b. ASI Vice President for Administration: **Jesus Mora**

c. ASI vice president for Academic Governance: **Jacquelyn Acosta**

- Jacquelyn Acosta: I'm working on issues for the committee. We have hundreds of university where I need to get student information's and bring then to ASI. The difficult part is that everyone have different level of writing so it's hard to understand the reports therefor I work with my sensitive to get a better understanding. This helps me pint pointing area so that I may get the highlight so I may write the committee report

effectively. I'm also working with the committee report flow chart to see the process and get information for the committee member.
