Greeting Nia

Here is my statement in respect to my co-representative

To whom it may concern,

From when I was appointed Arts & Letters Representative, Alysin & I had met and exchanged contact information and exchanged ideas we had for our respect college. Following that meeting, we meet with Director Rodriguez about planned proposals. Being new to ASI, I had no information and help from my co-representative as to what our job entailed. In saying this, I had to propose at least two proposals for the deadline. My planned proposals were completed by me. The help I had reached out for was from the other college representatives and directors. In order to keep my line of communication open with Alysin, I had sent her out emails and CC'd her on emails that I sent out to my college. Through Imessage she was somewhat responsive. Through email, I have not received a single response from her since I was appointed. It became somewhat difficult to schedule future meetings with the dean and other personnel in our college. As of now, I have not heard from Alysin since Saturday July 21<sup>st</sup> at 12:19 pm.

Alysin did inform me she was going through some major challenges right now, which I fully understand and took into full consideration.

I think Nia Johnson will know more about the challenges she's going through.

If any more information is needed, please feel free to contact me.

With Respect,

**Jacob Isai Amaya**
