

College Representative Report

Per the College Representative Code of Procedure Policy 018, each college pair is responsible for submitting one report and updates to the Cabinet Chair 72-hours before the cabinet meeting. Reports should cover college announcements, updates and speak to the following questions.

College: ECST

Date: 9/10/18

Representative Name(s): Smitkumar Patel, Edgar E. Chavez

- I. How did you complete your specific duties during this period in relation to the ASI policy? Please provide detail regarding the project(s) are you currently working on?

Office hours were completed except for September 3, 2018 due to labor day. I attended the shared governance committee as well. ECST college had a welcome back BBQ in which Smit, myself and other ASI members tabled in. Progress on the ECST mash-up is still being made, no response from professors yet. Took a look in the library to pick the location currently waiting on a response from the event coordinator in the library.

- II. What did you learn during this biweekly period? Do you have any comments or concerns that ASI can follow up on?

At the BBQ event I learned more about what students want to see get fixed or changed in the ECST college. Some are asking for more late night bus shuttles, others are asking for more microwaves, larger computer lab, making a study room for engineering students to be in, more girls in ECST college, and to improve the counseling provided. I know for providing microwaves and changing room we must bring it up to the CPPC and turn in a form. Since advising is a common issue among the colleges what can all the college reps do together to change or improve advisement?

- III. What are your goals for the upcoming semester?

To successfully throw the ECST-MashUP event. To help students identify where they can go to speak about specific issues. Also to encourage more involvement in ASI from engineering students.

IV. How do you plan on helping resolve issues that constituents have?

By speaking to key figures such as T.Fox or Dean Allen. Some students more involvement of women in the college so getting funding for the groups specializing in this would be great (although progress is being made in this).
