Representative Name(s): Davona Watson , Fritza Plaseencia

- I. How did you complete your specific duties during this period in relation to the ASI policy? Please provide detail regarding the project(s) are you currently working on?

Following our event, we have planned additional advocacy events by planing classroom presentations. We have a classroom presentation on October 8th together as well as some that we will do individually. We are also helping some faculty and students in a couple of departments host their Social Impact Fair on October 24th.

- II. What did you learn during this biweekly period? Do you have any comments or concerns that ASI can follow up on?

During our fall NSS mixer, we received a lot of feedback from students and faculty. We have met briefly on Tuesday 09/23 regarding these concerns and are finding a effective way to put the information together. After we have completed that, we will know what issues or concerns need to be brought to the board.

- III. What are your goals for the upcoming semester?

Besides our Alumni event, we will like to plan a social event for faculty and students within the department. I believe the social impact fair will allow us to create great connections for our plans next semester. Depending on how our town hall goes, we may also plan another next semester.

- IV. How do you plan on helping resolve issues that constituents have?

Recognizing that some issues are department/ college specific , I know that my connection with the Associate dean will allow me to communicate concerns to the college. ASI issues will be evaluated between us and then BOD if applicable.
