I have had quite a few experience but the one that stands out to me the most was when I had the opportunity to work at a law firm. I was in charge of setting up meetings for my employer, dinner events at the office and excellent customer service. Also, I was privileged to be the person in charge of all events held at the office. My specific duties were to decorate the room where the event will take place, ensuring that everything remains perfect. While working for my employer, I always organized his important documents, briefed him on his court cases and escorted him to most of his court sessions to provide documentations for his cases.

3. What do you feel are some of the major problems facing the students of CSULA?

4. List activities and/or organizations that you have been involved with (on or off campus)

On campus, I have been involved in three prestigious organizations namely; Pre-Law society, Sociology Club and Black Student Union. Off campus, I volunteer at a church in Woodland Hills.

Associated Students, Inc. 2018-19 Committee Appointment Application

Application Ref ID: 4559 | Submitted: Saturday, September 15, 2018 - 8:20pm

First Name:	Javier	Monday:	9am to 12 pm
Last Name:	Moro	Tuesday:	
Position:	Lobby Corps Member	Wednesday:	
Major:	Political Science	Thursday:	
Class:	Senior	Friday:	

1. What previous experience have you had in the area in which you are applying for?

I've led talks with students about state and federal politics all over LA. I've volunteered for the campaigns of progressives like Bernie Sanders, Wendy Carrillo, and Kenneth Mejia. I am currently an intern for Kevin De Leon, who is running against Dianne Feinstein for California Senator.

2. State briefly why are you are applying and/or are interested in this position

I am very politically knowledgeable. Since I've attended many protests, talk to students about the issues, and listen to various independent news media outlets on the web, I feel like my voice can represent the values of many students at CSULA. Various politicians all over California are completely out of touch with the issues college students face, so I think I can communicate those issues to those politicians when I lobby.

3. What do you feel are some of the major problems facing the students of CSULA?

Many students don't graduate on time because the faculty fails to communicate to students about degree progress reports. School pride is another huge issue. Student debt and college tuition is too high!

4. List activities and/or organizations that you have been involved with (on or off campus)

I am the Environmental Policy Commissioner at CSULA!
