2. State briefly why are you are applying and/or are interested in this position

As a graduate student, I have a better understanding of what it should be a priority in the school's agenda and I would like to be part of the conversation of where my college is allocating our money.

3. What do you feel are some of the major problems facing the students of CSULA?

The lack of involvement in school, the lack of awareness of sexual assault and diversity.

4. List activities and/or organizations that you have been involved with (on or off campus)
