## 1. What previous experience have you had in the area in which you are applying for?

I'm familiar with the programming ASI does since I already have done so as the Arts & Letters College Representative, I sit on Executive Committee and I actively engage all around in ASI.

## 2. State briefly why you are applying and/or are interested in this position

I'm very interested in what this position entails. From what I gathered, I learned that this position calls for the Vice President to meet with commissioners, make sure the organization is able to fully operate at its fullest capacity, and aid in programming events with commissioners. I feel that I can take on the responsibility and work my fullest potential and be able to make sure the organization is functioning at its fullest potential, make sure commissioners feel supported, and provide programming assistance all around. I feel this position is in the air within the organization as to what the Vice President is supposed to do. If granted, I will make this position as transparent as possible and be held accountable to the fullest extent.

## 3. What do you feel are some of the major problems facing the students of CSULA?

Truthfully, I feel one of the biggest missed opportunities that face the students of CSULA is communication with their student body. For most students that I personally know, issues they have brought up in the past were not knowing what was happening within student body. Adding my personal experience as well, I feel there is very little transparency with what organizations, programs, and activities are happening on campus. Another problem I feel is apparent on campus is a lack of involvement with students on campus. I had the idea that CSULA was a commuter school, which led me to not being involved on campus. It wasn't until I joined Hermanos Unidos de CSULA and Associated Students that I erased that stigma about college.

## 4. List activities and/or organizations that you have been involved with (on or off campus)

Currently, I'm an active member of Hermanos Unidos, and serve as a board member within the organization. I am also currently involved with ASI as a college representative and serve on Executive and Legislative Affairs. I also sit in public forum in many other committees and actively engage in meetings.
