3. What do you feel are some of the major problems facing the students of CSULA?

Speaking from experience and being a fellow student that has experienced ambiguous academic advisement, a problem that either seems to go unnoticed or not addressed accordingly has caused me to take several unnecessary classes, which have caused a tremendous amount of lost time and income. After talking with other fellow students on and off campus from various schools including Cal State LA. There seems to be a lack of effort in assisting students in setting their goals regarding there major and long-term career objectives. I have some ideas that can provide a safety net to minimize room for error in this particular area. Another major problem is that we are a commuter school, which contributes to the lack of student involvement on campus, which is vital to our students in order for students to acquire the proper skills when entering the outside world and job market. In addition, I would like to mention that there are not many healthy options in and outside the food court. There is truly a paramount of systematic issues our fellow students endure that need to be addressed accordingly and I am here to help meet those needs and make a difference.

4. List activities and/or organizations that you have been involved with (on or off campus)

Here is a list of activities and organizations that I have proudly been involved with on and off campus as follows; Internship with the Los Angeles Police Department West Traffic Division, Salvador Melendez City Council Campaign and Ferias Legalese Immigration Non-Profit Human Rights Organization. As for volunteer work I have volunteered for Cal State LA Education Participation in Communities (EPIC) program, Salvation Army, Hollywood Prespretirian Church, Sofitel Hotel / Red Cross Feed the Homeless and Cal State L.A Alpha Phi Sigma Honors Society. I am also in process in doing an internship with the district attorney for the summer of either 2019 or 2020
