1. **What previous experience have you had in the area in which you are applying for?**

I have experience in working effectively as a team, flexibility, able to multi-task and complete each task provided. Although, I have not occupied a position within ASI before, my career has given me the opportunity to learn how to network, have effective communication skills, and be self-motivated. My courses have provided me with the knowledge to critically analyze, compare and contrast in depth and know that an issue is more complex than it seems. I've been lucky to enough to have chosen a career that has challenged me and taught me useful skills to be applied in a variety of careers.

2. **State briefly why are you are applying and/or are interested in this position**

I'm interested in the position of Vice President of Administration because it deals as an overall branch in what i'm interested in our university. VP are responsible for issues related to campus, student housing, school spirit and orientations.

3. **What do you feel are some of the major problems facing the students of Cal State LA?**

A major problem the students of Cal State LA are facing is homelessness, as we witness during the impaction protest many students came forward about their experiences. Feared other classmates would know about their situation and even working long hours they are not able to afford a place to live. Another problem is school spirit, our campus is a commuter school. Many students just come to class and go home, I believe 2019-2020 we can change the perspective of commuter students and have them be more involved in campus.

4. **List activities and/or organizations that you have been involved with (on or off campus)**

I volunteered in Glamour shot day in Baldwin Park with United Hope for Animals to increase the opportunity of dogs and cats to be adopted. In the progress of becoming an Outreach Volunteer at events of Planned Parenthood
