**1. What previous experience have you had in the area in which you are applying for?**

I was in the paralegal club at Los Angeles Trade Technical College where we would meet with the legal aid foundation of Los Angeles, and learn about current issues that affect the community, such as current props and housing rights. We would then educate the community and students on, to better prepare them and be well informed to make a conscientious decision. This experience has helped me be more aware of what my community's wants and need are.

**2. State briefly why are you are applying and/or are interested in this position**

I would like to see the inner workings of the college; by being part of the committees as a student representative. I would be learning hands-on what it takes to run an institution of such size. I would incorporate all I have learned into my position, its a great learning opportunity. It would be great to be the voice of my fellow student, being the bridge to the students that don't have the time to involve themselves as active as others.

**3. What do you feel are some of the major problems facing the students of Cal State LA?**

Problems that Cal State La student are, not being well informed, being informed too late, or miss-informed, not having time to be part of campus life, parking, class schedules, mental health.

**4. List activities and/or organizations that you have been involved with (on or off campus)**
