I am interested in this position because I want to do the best I can in order to help the school meet the needs of the student body, while also learning leadership and becoming more involved with the student government.

3. What do you feel are some of the major problems facing the students of Cal State LA?

I think that a major problem in general at Cal State LA is the apathy that most students have when it comes to the student government. There is a lack of action and I want to change by making sure I bring up the issues and problems that students face but are too scared to voice.
