| Class: | Sophomore | Friday: | 11AM to 2PM |

1. What previous experience have you had in the area in which you are applying for?

I have held leadership positions in high school for various clubs that all had to do with publicity. I was the vice president for our Ping Pong Club, as well as the vice president and co-founder of the Arts and Crafts Club. Both of these clubs were small when we began, so I acted as the publicity officer and I handled relations between the school and our club. I was also on the publicity committee for Math Club. I helped to design posters for fundraisers and to announce events we had. I helped organize events for our school, including math competitions, fundraisers, and club showcases to attract more members. The president and I would alternate between who would communicate with our high school associated student body and administration to reserve space for events, get food permits, and present funding proposals.

Currently, I have a marketing internship at a start-up company. My main duties are to curate content to post on its Facebook page along with designing images to promote its services using Canva. I also write original content for their blog to generate more website traffic.

2. State briefly why are you are applying and/or are interested in this position

I love Cal State LA and I want to help others love it just as much. The activities ASI has organized this year have really helped me see what the campus has to offer and I would like to help new and current students have the same opportunity to learn about our campus.

I would like to be part of the student government so I can help the school become better for everyone. I like that ASI really acts in the best interests of the students and would like to contribute to that as well. I also would like to gain experience in public relations because I would like to be a public relations specialist in the future.

3. What do you feel are some of the major problems facing the students of Cal State LA?

Major problems I see Cal State LA students facing are financial issues, specifically for tuition, parking, food, and housing. I've been hearing stories about students who are housing and food insecure and, while there are resources CSULA offers for that, I don't believe students know they are available.

4. List activities and/or organizations that you have been involved with (on or off campus)
