		Thursday:	1:30PM - 6PM
Major:	Computer Science	**Friday:**	11AM - 4PM
Class:	Senior		

- -

1. **What previous experience have you had in the area in which you are applying for?**

   I had been in the Funding Sub-Committee last year. I would like to rejoin this committee mostly so that I could oversee a field that I am really interested in - which is being able to collaborate with different clubs and entities. Since I was in this committee before, I believe I am well knowledgable in most of the items that take place in the committee and how its run.

2. **State briefly why are you are applying and/or are interested in this position**

   I am interested in applying for this position for a few reason. The main one is being able to collaborate with clubs and organizations. I believe that's the best way to market our advertisement material, not just literally as names on paper, but also with a possible physical experience. Another reason that I am applying is because I would like to keep my schedule consistent since I would also sit on the Finance committee on the alternate Fridays.

3. **What do you feel are some of the major problems facing the students of Cal State LA?**

   I would say the two biggest problems that Cal State LA faces recently is the fact of having impaction, and the communication between a lot of entities on campus. The impaction part being that some students don't support it, and other students don't seem to mind or not say anything on the matter because of an opposing view. A bit on the communication is that entities like administration to its students, advisors to their students, clubs to its members, members to other members; sometimes there is a lack of communication that goes on between those kinds of fields within different departments and sometimes others just fill in blanks with information from somewhere else and it just creates miscommunication then.

4. **List activities and/or organizations that you have been involved with (on or off campus)**

   On campus I've been involved with
   Association for Computing Machinery (ACM)
   American Society of Civil Engineers (ASCE)
   Climate Action and Education for Sustainable and Adaptable Resources (CAESAR)
   League of Legends Club @ CSULA (ULoL)
   Smash Club @ CSULA
   Tespa @ CSULA
