Associated Students, Inc.
ASI Board of Director Application 2019-20

Application Ref ID: 4924 | **Submitted:** Wednesday, July 31, 2019 - 7:37pm

First Name:	AMEYA	**Monday:**	
Last Name:	INGALE	**Tuesday:**	3:00 PM to 6 PM
Position:	COLLEGE OF ENGINEERING, COMPUTER SCIENCE, AND TECHNOLOGY REPRESENTATIVE	**Wednesday:**	3:00 PM to 6 PM
		Thursday:	3:00 PM to 6 PM
		Friday:	
Major:	Computer Science		
Class:	Graduate		

1. **What previous experience have you had in the area in which you are applying for?**

   - (Current) Volunteer with Mind Matters - Changemakers at Cal State LA
   - (Current) Lab Assistant/Tutor at the AMPC/ATLC lab at Palmer wing associated with the OSD

   - Treasurer (core team) and Event Co-ordinator for the ACM (Association of Computing Machinery) student chapter of my university during junior year
   - Publicity Head and Web-master for IEEE (Institute of Electrical and Electronics Engineers) student chapter during my sophomore year
   - House Captain and Team leader of the Infrastructure team during high school

   I have co-ordinated, managed and structured a variety of events and meetings during my undergraduate degree and high school and am actively engaging in co-curricular activities on-campus as I work towards obtaining my Masters degree

2. **State briefly why are you are applying and/or are interested in this position**

   I think the College of Engineering Computer Science and Technology fairly lags behind other colleges when it comes to co-curricular activities and student involvement. I aspire to change that and have prior experience in co-ordinating workshops, seminars and other events. I want to gain further knowledge and expertise in engaging interactive-communication and management, knowing this position best suits my aspirations and I believe my prior experience would help me create a different environment for the ECST students leading to a better student life on-campus at CSULA.

3. **What do you feel are some of the major problems facing the students of Cal State LA?**

   - There are few to none workshops and activities pertaining to majors at ECST and we need to have more activities for students to have an added learning experience apart from classroom learning
   - Students aren't aware of most activities and facilities available on campus and I think awareness needs to be created by leveraging active social media engagement
   - The population of the students eating at various joints at the Food Court is majorly focused on Carl's Jr. and El Pollo Loco which presumptuously implies that we need to have better food options on campus similar to EveryTable and The Spot that has been newly opened at the Food Court.
   - Stress and anxiety is one other important factor affecting life on campus and I think ASI could contribute to stress management activities and help students achieve a better environment for academic success

4. **List activities and/or organizations that you have been involved with (on or off campus)**

   I am a volunteer with Mind Matters - Changemakers on-campus and a blog-writer for Project ROPA, an organization that helps homeless people acquire jobs and hire the homeless to help the homeless by making cheap and trendy apparel that follows ethical fashion.
   I support the Food Pantry and believe in carrying Protein bars to donate to homeless people when you see them.
