Class:	Graduate	Friday:	

1. What previous experience have you had in the area in which you are applying for?

I was active in student government since grade school until college.
 I am also active in various community groups in my home country.
 The following are the organizations I founded and chaired:
 1. College-Y of WVSU- school chapter of YMCA Iloilo
 2. Queens of Lambunao Organization

2. State briefly why are you are applying and/or are interested in this position

Most graduate students are young professionals and they do not have time to be involved in school. We are considered as the most under represented students in the university. Working in the office of graduate studies gave me the opportunity to interact with graduate students and hear their problems. As an international student, I only work part time on campus, and I have spare time to be involved. I wanted my stay at Cal State LA to be beneficial and meaningful by contributing on what I do best and that is leadership.

3. What do you feel are some of the major problems facing the students of Cal State LA?

Graduate students have different issues and problems than the undergraduates. Most of our graduate students are professionals, parents and full time workers. I often hear them talk about issues on access. I know many graduate students who struggle in school because they have kids to look after to. Sometimes, they would bring their children in school because they cannot find childcare or there is a long list in daycare centers. One time I met a young mother who is a graduate student with her 3 months old baby in a stroller in the Graduate Resource center and she was telling me that the breastfeeding station is not easily accessible because we only have two on campus.

4. List activities and/or organizations that you have been involved with (on or off campus)

American College of Healthcare Executives-- Student Associate
 Healthcare Leadership Association- Chief Governance and Public Relations Officer
 Queens of Lambunao Organization
 Project Pens and Cherubs--- every year I would raise funds to sponsor the school supplies of at least 100 students in the Philippines
