1. What previous experience have you had in the area in which you are applying for?

In past experiences, I have taken the role of spirit ambassador in high school programs and coordinated programs during community college. Encouraging students to attempt to exit their comfort zone and take part in school energy has been an exciting practice that I have gained to love. My personality reflects on that is motivating and spiritually energizing.

2. State briefly why are you are applying and/or are interested in this position

I am interested in this position because I would like for students to be more involved in student life at Cal State LA. As I start my second and final year at Cal State LA, I have noticed many students do not attend events as they are busy with other things or just don't want to stay an extra hour on campus. However, my goal in this position is to find ways in which I can encourage students to attend more campus events so they can experience our events that are filled with high energy and spirits.

3. What do you feel are some of the major problems facing the students of Cal State LA?

I believe a major issue with our campus is the lack of involvement of students in student life. Often times, students forget about the importance of being involved and complete their day as soon as their last class finishes. Not only does getting more involved allow you to network but it allows you to be apart of something that is important to you.

4. List activities and/or organizations that you have been involved with (on or off campus)

I am involved in Housing and Residence Life. This is my second year as a Resident Assistant and I have really enjoyed it. I enjoy getting to plan and implementing programs, checking in with residents, and building community.
