#### Event Guidelines & Resources

##### Student Organization Event Guidelines

The following guidelines are provided for the benefit of the student organization. They are intended to be followed completely. Failure to comply with any of the following guidelines may result in disciplinary action taken against the organization including suspension of recognition, events and use of facilities. More information can be found online in the Student Organization Handbook.

**Conduct:** The organization assumes full responsibility for the conduct of participants at the event. Any violation of University policy may subject the participants and/or the organization to disciplinary action by the Center for Student Involvement or the Office of the Dean of Students.

**Alcohol:** In accordance with Administrative Procedure 019 - Alcoholic Beverages, any event (on or off campus) that involves the

consumption of alcoholic beverages requires authorization from the University. Your organization must complete and submit a Request to Serve Alcoholic Beverages form in addition to this Event Registration Form. Please allow at least 3 weeks for this form to be reviewed by the University. Approved alcohol consumption events and events held where alcohol is available (but will not be consumed) require at least two TIPS certified members and two Sexual Violence Prevention & Resources Trained (SVPT) members to be in attendance of the entire event. Additional guidelines can be found in the Student Organization Handbook.

**Publicity:** All publicity material must comply with University Administrative Procedures AP P003 and AP P007. All printed marketing to be used for marketing registered events are required to be stamped by CSI prior to their approved posting. Stamps can be obtained after the event has been registered. All printed material may be posted for up to a period of fourteen (14) calendar days. For student organizations, the "POSTING VALID THRU \_\_\_\_" stamp must be clearly visible on the face of the posting.

**General Release Waiver Forms:** If your event will require the use of general release waivers prior to organization member and guest participation, your organization is required to comply with all instructions provided by CSI, including submitting all completed forms and requested documents.

- The Series 100 pneumatic casters come in 6" (mounting height 7.5"), 8" (mounting height 10"), 8" gray, 10" (mounting height 12.1875") and 12" (mounting height 13.75") and are made of pneumatic tread and an inner core filled with pressurized air which remains inflated even with the weight of a vehicle resting on it.
- Weight capacity ranges from 200 lbs on the 6" caster, 300 lbs on the 8", 350 lbs on the 10" and 450 lbs. on the 12".
- Top plate measures at 4" x 4 1/2" with a bolt hole pattern of 2.625" x 3.625" to 3" x 3" and can either be bolted or welded on.
- Brake options include top lock brake (TLB), side lock brake (SLB), bolt-on swivel lock (BSL), or combinations of each. The TLB (6, 8, and 10" casters) places a positive locking force against the wheel top, whereas the SLB (12" caster) places the force against the wheel side. The bolt-on swivel lock (BSL) is field installable and converts a swivel caster to rigid for straight-line tracking at any 90 degree angle via a spring-loaded bolt inserted into one of 4 notches found on the swivel raceway.
- Find other wheel materials, sizes and all Service Caster products at our Amazon Storefront. Click on the "by Service Caster" link above the main title on any Service Caster page listing.
