Event Guidelines & Resources

Student Organization Event Guidelines

The following guidelines are provided for the benefit of the student organization. They are intended to be followed completely. Failure to comply with any of the following guidelines may result in disciplinary action taken against the organization including suspension of recognition, events and use of facilities. More information can be found online in the Student Organization Handbook.

Conduct: The organization assumes full responsibility for the conduct of participants at the event. Any violation of University policy may subject the participants and/or the organization to disciplinary action by the Center for Student Involvement or the Office of the Dean of Students.

Alcohol: In accordance with Administrative Procedure 019 - Alcoholic Beverages, any event (on or off campus) that involves the consumption of alcoholic beverages requires authorization from the University. Your organization must complete and submit a Request to Serve Alcoholic Beverages form in addition to this Event Registration Form. Please allow at least 3 weeks for this form to be reviewed by the University. Approved alcohol consumption events and events held where alcohol is available (but will not be consumed) require at least two TiPS certified members and two Sexual Violence Prevention & Resources Trained (SVPT) members to be in attendance of the entire event. Additional guidelines can be found in the Student Organization Handbook.

Publicity: All publicity material must comply with University Administrative Procedures AP P003 and AP P007. All printed marketing to be used for marketing registered events are required to be stamped by CSI prior to their approved posting. Stamps can be obtained after the event has been registered. All printed material may be posted for up to a period of fourteen (14) calendar days. For student organizations, the "POSTING VALID THRU ____" stamp must be clearly visible on the face of the posting.

General Release Waiver Forms: If your event will require the use of general release waivers prior to organization member and guest participation, your organization is required to comply with all instructions provided by CSI, including submitting all completed forms and requested documents.

REQUEST FOR EXCEPTION TO CAL STATE LA STUDENT ORGANIZATIONS FUNDS ADMINISTRATION POLICY (5/19/17)

Please complete the information on this form to advise us of your request for an exception to Cal State LA's Funds Administration policy. Return the completed form to room 306 University-Student Union c/o Office of Associate Executive Director.

Organizations having separate legal status granted by the state/federal government and maintaining a bank account outside the University must submit a written request to the Associate Executive Director of the University-Student Union providing the legal name of the organization, the tax ID number, and the bank name, branch address, and bank account number of the organization.

For student organizations without a separate legal status, an exception to the on-campus banking rule will only be granted for unusual and fully documented special circumstances.

All requests will be reviewed on a case-by-case basis, and will be forwarded to CFO for final decision if an exception is deemed to be warranted.

The more information you provide upfront, the quicker a decision can be made and you can be advised of either exception approval, or next steps required, etc...

General Information:

Requestor's First Name:

Last Name:

Your student organization's name:

Society of Hispanic Engineering and Science Students

Does your organization currently have the recognized student organization status? Yes ☒No ☐

Your position title with the student organization:

Treasurer

Your E-Mail Address:

Telephone Number:

Exception Request:

Are you requesting this exception to be permanent or temporary? If temporary, please specify length of time.

I am requesting this exemption to be permanent.

Please describe the type of financial administration exception you are requesting

- ☒ Use of outside bank accounts
☐ Not doing your own financial administration according to university policy such as not handling your own bookkeeping and records keeping, or not managing your funds balances periodically

We will continue using the Cal State LA Federal Credit Union as for our club's banking.

Please describe why the university's standard regulations and available options do not meet your needs.

The Society of Hispanic Engineering and Science Students is is part of a national organization-an student chapter of the Society of Hispanic Professional Engineers-and is required to file a treasury report yearly, which contains detailed transactions and the USU banking system can't offer the information at an availability of our convinience. Also, our ourganization sponsors a fair nuber students to attend conferences and mantain in high prestige the name of our organization and our university. However, with the new banking system, the process to sponsor to students become very hard due to several regulations.

How does your proposed process or practice differ from the university's policy and standard?

My organization's proposed practice would allow to issue checks not only to officers but to general members as well, in order to financially sponsor our members to attend multiple conferences. Under USU banking system, checks can only be issued to officers and not to general members; therefore, the USU banking system will create complications for the conference sponsorships provided by the Society of Hispanic Engineering and Science Students.

What controls will be put into place to mitigate risk of the function for which you are seeking exception?
Please note that mitigating controls must equal or exceed those of the exception and other applicable university policies.

The reimbursement process implemented by SHESS requires the person seeking to be reimbursed to complete and submit the following: SHESS Student Reimbursement Form (created by the student organization) that will state details for the expenses (such as date, amount spent, and the expenditures), original receipts and bank statements to verify and prove the expenses. This paperwork is then review with careful consideration by the President and Treasurer of SHESS in order to approve the reimbursement to the member in case. A receipt will be provided (while the organization holds a copy) along with a check as a proof of issuing the reimbursement. These regulations set by the Executive Board of Directors of SHESS will allow us to monitor the transactions of the organization's funds and have documents as proof of the authenticity for each expense.

Who will perform the actual financial administration for your organization if exception is granted?

The treasurer and the president will perform the actual financial administration.

Who will perform the oversight for the financial administration of your organization?

The Society of Hispanic Professional Engineers will perform the oversight of financial administration.

Please explain how this exception will not conflict with university regulations for student organizations.

Our organization, Society of Hispanic Engineering and Science Students (SHESS), is incorporated under Society of Hispanic Professional Engineers, which is a national organization. The organization is tax exempted and since we are incorporated, SHESS is also a tax exempted non-profit organization under IRS Section 501 (c).
