What previous experience have you had in the area in which you are applying for?

I have volunteered at local organizations such as my local library and have participated in a rigorous 8-week full time teaching summer fellowship last year where I taught multiple core subjects to underprivileged middle school students from low income backgrounds. I am deeply passionate about advocating for better education opportunities and social reform for not only my own Latino community, but for other communities of people of color as well. I believe that my experience in working

State briefly why are you are applying and/or are interested in this position

I am interested in applying for a position in the ASI General Election Committee. As a current senior in the History undergraduate program, I would like to participate and become more involved on campus. I am planning on entering the education field as a teacher and I strongly believe this position is a great opportunity to grow as a professional and to develop new skills that will be valuable to me in the future as an educator.

What do you feel are some of the major problems facing the students of Cal State LA?

I believe one of the major problems that students of Cal State LA face is that many students are first generation college students and I believe Cal State LA can do more to provide support and guidance for these students. I remember when I first transferred to Cal State LA and was at a loss for a large amount of my undergraduate experience. It was not until my senior year that I learned about more opportunities and resources that could have aided me through my college journey.

I believe students know very little about the support that Cal State LA offers such as the Gorilla Pantry and the free support groups offered by CAPS. Students do not only need more financial and academic help to succeed as working professionals and college students, but they also need more support in areas such as mental health and employment opportunities.

List activities and/or organizations that you have been involved with (on or off campus)

I have been involved in my local library's ESL Teaching Volunteer Programs, as well as a member and teaching fellow for non-profit education organizations such as Breakthrough San Juan Capistrano. Breakthrough focuses on issues of educational inequality among students of color and the challenges faced by first generation college students.
