What previous experience have you had in the area in which you are applying for?

I have served as an undergraduate senator and senator at large effectively using my platform in senate and committee spaces to bring awareness and solutions to student concerns. I have been a very active student on campus taking roles as an orientation leader and marketing coordinator for the Child Abuse and Family Violence Institute. Both of these roles have taught me about the different backgrounds of our students and how to also relay valuable information. I have also joined the greek community which I have enjoyed my philanthropic experience in helping out in my own and external community.

State briefly why are you are applying and/or are interested in this position

I have found a passion for helping my community through advocacy and look forward to Lobby Corps Day and working with civic engagement offices that not only allow me to advocate for students but also take action on issues students are facing. I look forward to using the skills of advocacy I have learned as an undergraduate senator on a wider platform such as CSSA and BOD meetings.

What do you feel are some of the major problems facing the students of Cal State LA?

Some major issues students are facing are their lack of information or resources to become an advocate or advocate for certain issues. Some issues I found were students who didn't know about grievance processes or laptop rental resources. Other issues were advocating for resolutions and demands from students and platforms they didn't feel heard or welcomed. I would also like to help in bridging the gap between ASI, students, and administration.
