What previous experience have you had in the area in which you are applying for?

I am currently involved in planning duties for some clubs on campus, mostly for social events. However, I do not have much experience with policy making, and I hope that this position will give me the tools necessary to become more experienced in policy-making and leadership, as an opportunity to learn and grow.

State briefly why are you are applying and/or are interested in this position

My goal in applying for this position is to represent the students of Cal State LA in the campus policy-making process, where I can have a role in making positive changes. As Academic Senator-at-Large, I plan to be an accountable advocate for all students, and address problems that we face in order to create meaningful improvements for us. This position gives me the opportunity to get more involved on campus and contribute to the overall well-being of the student body.

What do you feel are some of the major problems facing the students of Cal State LA?

With so many students enrolled on campus, one challenge that we have is making sure that students' viewpoints are represented and the Cal State LA community is as engaged as possible. Given the current situation surrounding classes not being in session for summer and fall, one specific problem stemming from this is keeping the students involved without in-person instruction. Much of the face-to-face meetings and discussions that help to facilitate this are no longer a possibility. I want to be a part of helping manage these problems as effectively as possible, and more complex challenges that will inevitably come in the future.

List activities and/or organizations that you have been involved with (on or off campus)

The Braille Institute, Los Angeles - Volunteer (off-campus)
Early Entrance Program Club - Social Committee
NASA Data Intensive Research and Education Center for STEM - Pre-trainee student
