**Are you aware that you must maintain a 2.5 GPA each semester while in office?** Yes

**Have you earned less than (150)-semester units?** Yes

**What previous experience have you had in the area in which you are applying for?**

My event planning skill is well-developed through my experience as the president of International Students Club in Pasadena City College and as the New Taipei City Youth Ambassador in high school. Furthermore, I have also took a hospitality class at PCC which covered the tips and skills needed for event planning activities. In addition to event planning skills, the organizations and clubs I have been involved helped me to learn how to complete the assigned tasks on a team basis. As a result, I think I am the best fit of this position.

**State briefly why are you are applying and/or are interested in this position**

The reason for me to apply for this position is that I would like to contribute what I am good at to the students at Cal State LA. My experience of being the president of International Students Club made me believe that our school will become better when we all contribute what we are good at. Even though alone we cannot make some big differences, together we can make some practical changes to our school. Moreover, I believe that becoming Spirit Commissioner will allow me to assist students to involve more at Cal State LA during the pandemic. After all, school experience should be not stopped as the classes are being taught virtually. And that is why I am highly interested in this position.

**What do you feel are some of the major problems facing the students of Cal State LA?**

Located at the 2nd largest cities in the United States of America, Cal State LA is one of the most convenient universities. However, Cal State LA has not been using this advantage to help their students to connect with the business at downtown LA.

Hence, the major problem that students at Cal State LA face is limited career opportunities comparing to students at other universities. In other words, our students must place more effort in finding jobs. The best solution to this problem is to cooperate with native business. Through connecting with native business, Cal State LA students can gain real-life experiences while native business can obtain professional scholarships. In this way, our school can become better and more competitive.
