<b>If you are a Board of Director College Representative applicant, have you declared a major for the College position you are applying for and enrolled in at least one (1) course within the College? (Note: If you are a Charter College of Education Representative, have you declared a major in that College?)</b>	Yes

### Undergraduate Applicants

**Have you earned at least six (6)-semester units of academic credit per semester at Cal State LA during the past 12 months prior to application (not including remedial courses)?** Yes

**Will you be enrolled in at least six (6)-semester units of academic credit during the semester you are applying.** Yes

**Are you aware that you must be enrolled in a minimum of six (6) units per semester while in office?** Yes

**Are you aware that you must maintain a 2.5 GPA each semester while in office?** Yes

**Have you earned less than (150)-semester units?** Yes

**What previous experience have you had in the area in which you are applying for?**

My root in environmental affairs started as early as high school when I joined the volunteering club hosted by the counseling department. This experience allows me to volunteer at the Zhi Ji Recycle Center and forced me to face the fact that how wasteful we are. Moreover, I have lots of experience in conducting meetings and recruiting members. For instance, I have hosted numerous board and general meetings during my experience as the club president in high school and the community college. Therefore, my experiences are a good fit for the environmental affairs commissioner

**State briefly why are you are applying and/or are interested in this position**

The reason for me to apply for this position is because I am passionate about the topic of sustainability. I am a traveler who loves to discover new national parks. And it hurts me a lot when I see how the icebergs are melting when I went to Canada, Alaska, and Norway. However, it is sad that up to 54% of Americans do not believe in global warming. Therefore, it is crucial to stand up and convince people to face this hurtful truth. Moreover, I also found it interesting when I took the "business responsibility in society" course, which covers why cooperation or organizations should be socially responsible and sustainability should also be put into consideration. For this reason, this position will allow me to apply what I have been learning to reality. For instance, my tentative projects will be the following.

- Sustainability knowledge contest on zoom
- Virtual: with gift cards and raffles
- In person: with foods and drinks
- Anonymous mailbox allows people to report issue
- Public meeting: give the community the opportunity to express their feeling on whether our school (zoom or in person)
- Sustainability Q and A: whoever answers the questions correct gets to spin the wheel (the prizes will promote sustainability such as reusable shopping bags or water bottle) (in person)
- Talk to students to discover new environment issues
- Discuss with the committee members on the suggestions or feedbacks of the potential events

**What do you feel are some of the major problems facing the students of Cal State LA?**

Compare to students at other colleges, students at Cal State LA spent less time on campus. And it will make the work of promoting environmental issues to students harder. Therefore, I will do my projects involved with students around most students' class times to maximize the outcome.

**List activities and/or organizations that you have been involved with (on or off campus)**

- Cal State LA
  1. ASI Finance Committee- Committee Member (March 2020~ May 2020)
- Pasadena City College
  1. International Students Club- President
