**State briefly why are you are applying and/or are interested in this position**

I wanted to get more involved at California State University Los Angeles. I especially wanted to get more involved in the college that I am in, which is NSS. This position will really help me do that, and educate me more.

**What do you feel are some of the major problems facing the students of Cal State LA?**

I was very passionate about how we lost our prehealth advisor, Maite at such a random time with no warning. I think students need to be more informed especially with what college they are in. I don't really hear much information from the NSS college and I wanted to get more involved to be more knowledgeable. Students need to be more informed and have knowledge of the current situations and opportunities that they can be involved in.
