State briefly why are you are applying and/or are interested in this position

I wanted to get more involved at California State University Los Angeles. I especially wanted to get more involved with scholarships and the opportunities me and especially every student in CSULA can have. This position will really help me do that, and educate me more.

What do you feel are some of the major problems facing the students of Cal State LA?

I was very passionate about how the college of NSS lost our prehealth advisor, Maite, at such a random time with no warning. I think students need to be more informed especially with what college they are in. I don't really hear much information from the school about the opportunities and scholarships that we can apply to and I wanted to get more involved to be more knowledgeable. Students need to be more informed and have knowledge of the current situations and opportunities that they can be involved in.

List activities and/or organizations that you have been involved with (on or off campus)

The California Scholarship Federation
Cope Health Scholars
Verdugo Hospice Care
PreMed Club
Chemistry/Biochemistry Club
Kiwanis International
