What previous experience have you had in the area in which you are applying for?
Last year, I got the chance to serve as the representative for the College of Natural and Social Sciences. That position gave me a lot of experience in programming and planning events for students. I think I could apply what I learned from being the NSS representative to planning events as the Civic Engagement Officer.

State briefly why are you are applying and/or are interested in this position
I'm interested in applying for this position because I really enjoy planning events for students. I think that I could apply my previous experience in programming from being the NSS representative to plan events to engage students in voting and being active in the upcoming elections.

What do you feel are some of the major problems facing the students of Cal State LA?
I feel that the biggest problem facing the students of Cal State LA is that they feel that no one is addressing their concerns. I think that this is reflected in the student advocacy groups at Cal State LA, like Golden Eagle Justice. I think that ASI has made major strides in addressing the concerns of the students of Cal State LA in the past semester, but I think there is still more room for improvement. Another big problem is that students aren't aware of the spaces where they can voice their concerns to people who can address them, like committees within ASI or at town halls.

List activities and/or organizations that you have been involved with (on or off campus)

2. On Campus Research under Dr. Yixian Wang
