**Are you aware that you must maintain a 2.5 GPA each semester while in office?** Yes

**Have you earned less than (150)-semester units?** Yes

**What previous experience have you had in the area in which you are applying for?**

I have had no previous experience but the other Associate Justices and the Chief Justice have experience in this field and I am ready to learn from my peers about all the duties and responsibilities that revolve around this position. I am in acquaintance with the other associate justices right now, as well as the chief justice, so this will help me learn more about this position. Although I am a Biochemistry major, I wish to explore other fields as well because I want to look at the world from many different perspectives, not only from a biological/chemical viewpoint. This position also interests me because I love learning about policies and how they are created to ensure the order and organization of a government.

**State briefly why are you are applying and/or are interested in this position**

I am applying for the Associate Justice position I have an interest in making a change in the policies to help students of CSULA through their education and support students that might need it. I also wish to look at the processes of ASI and CSULA from a new perspective as am I a Biochemistry major and I am already experiencing a scientific perspective. This new political view is different and will help me learn about other things that are not in my major.

**What do you feel are some of the major problems facing the students of Cal State LA?**

Some of the major problems that I think that students of CSULA face, right now during the COVID-19 global pandemic, include the lack of access to proper technology, internet access, a peaceful, hygenic study environment, and maybe even the fear of participating in online classes. The most major problem that I see, however, is that many of these students have lost their jobs, due to the pandemic, so now they have to prioritize survival over education. I think that being in this position of associate justice will give me the ability to influence policies to help students.

**List activities and/or organizations that you have been involved with (on or off campus)**

I was in the NSS Steering Committee in the spring of 2020 and I learned a lot about the problems that students with majors like mine face and the problems that faculty have among themselves. I also learned a lot about how policies play a part in departments such as this one, with majors under NSS being really popular with students.
