 For the Student Health Advisory Committee (SHAC) in the student health center, I do the Alcohol, Tobacco and other drugs. So I can bring my knowledge on what i learned from SHAC and bring it to this community. For SHAC, we discussed about the awareness about what drugs, tobacco and alcohol can do to college students.

State briefly why are you are applying and/or are interested in this position
 The reason why I am interested in this committee because I have witnessed substance abuse in my family and still is dealing that issue due to that person being in denial about having a alcohol problem. With my story, knowledge and experience, I want to bring awareness to students that could possibility save someone's life. I want to pass on the knowledge I have learned thanks to the Student Health Advisory Committee (SHAC). I want to advocate for the students to make sure that the campus is a drug free campus.

What do you feel are some of the major problems facing the students of Cal State LA?
 I feel that the major problems facing students of Cal State La is the fact that students use drugs and alcohol to relieve stress. Drugs and alcohol on a college campus can be a dangerous thing because drugs and alcohol causes a lot of negative side affects which can put a lot of students in danger. Drugs and alcohol are not safe for the body as well. Those major problems could lead to bigger and worst problems.
