For resource allocation, we must establish this relationship to understand what works best for everyone.

**State briefly why are you are applying and/or are interested in this position**

I am applying for this position to aid students in their college journey. Student involvement not only benefits your resume but helps us better understand ourselves. I want to help other students to make that realization before we are out in the world without a support system or any networks.

**What do you feel are some of the major problems facing the students of Cal State LA?**

Some major problems facing the students of Cal State LA are adapting their home environment to their school life. COVID-19 has forced us to change our routines and habits abruptly. It is essential to our mental health that our student body creates a sense of community during these unprecedented times. Sharing resources is just the first step to reclaiming our university experience, but it is up to us to make students feel welcomed enough to participate.
