Have you earned less than (150)-semester units? Yes

What previous experience have you had in the area in which you are applying for?

The earliest memory I have regarding finance would be in high school. I was part of the student leadership group and often times we were in charge of the funding of each club throughout the school. I kept charge of their finances and their vaults, keeping records of what the money was used for, which clubs did fundraisers, and reports about their overall transactions and withdrawals from their vault at the end of the year. However, I am really good at math and with numbers in general, so learning about how things are done will not be difficult for me to catch on.

State briefly why are you are applying and/or are interested in this position

I am interested in this position because it gives me an insight as to where all the funds of ASI are going to. It gives me more of an understanding on ways that the money is being used to help benefit the students. At the end of the day it is the students interest that matters, and I would like to be apart of helping those whose mission is to do exactly that.

What do you feel are some of the major problems facing the students of Cal State LA?

With everything virtual this semester, I feel the students are suffering from loads of stress right now because not everyone can learn remotely. I feel often times the students feel they are being left out, because on this public facebook page many students wonder why they are charged for certain things or where their money is even going to. I have seen multiple posts, saying if anyone is even listening to their concerns, and i just want to be able to provide some clarity for them.

List activities and/or organizations that you have been involved with (on or off campus)

Often times I help out with certain events within the EOP department, last year I had helped with Summer Bridge as well as mini Summer Bridge. I have been a speaker and representative for them in many Freshman orientations during summer bridge, and have helped many incoming freshman with any concerns or questions before starting their first year. I am also one of the NSS College Representatives of this academic year and part of ASI. Outside of campus, I help a local medical clinic with organizing their patient files and helping them convert those files to virtual documents.
