If you are a Board of Director College Representative applicant, have you declared a major for the College position you are applying for and enrolled in at least one (1) course within the College? (Note: If you are a Charter College of Education Representative, have you declared a major in that College?) Yes

Undergraduate Applicants

Have you earned at least six (6)-semester units of academic credit per semester at Cal State LA during the past 12 months prior to application (not including remedial courses)? Yes

Will you be enrolled in at least six (6)-semester units of academic credit during the semester you are applying. Yes

Are you aware that you must be enrolled in a minimum of six (6) units per semester while in office? Yes

Are you aware that you must maintain a 2.5 GPA each semester while in office? Yes

Have you earned less than (150)-semester units? Yes

What previous experience have you had in the area in which you are applying for?

I do not have previous experiences in the area that I am applying for but I am willing to learn and expose myself to different outlets. I am currently a college representative of HHS and by joining in a committee that emphasizes the push towards growing green and speaking upon environmental justice on campus is one step to healing the environment we live in despite being virtual as of now.

State briefly why are you are applying and/or are interested in this position

I am interested in being in the environmental policy committee because I am willing to learn and create ideas that can make the campus more sustainable. Given with the circumstances of alternative learning of a virtual platform, I think continuing an outlet where other students can learn how to be sustainable in their own households, and also be nutritionally conscious as well can be beneficial. There is a presumption that buying foods that are healthy are very costly or that there aren't many food options to create. By educating and reaching out to organizations would help our campus students.

What do you feel are some of the major problems facing the students of Cal State LA?

We aren't sure how the school will keep up with being as sustainable and nutrition conscious since many are at home. Creating meal plans or maybe workshops virtually should be a next step to educate others who may not have enough money to buy healthy meals or to those that want to reduce waste but don't know where to start.

List activities and/or organizations that you have been involved with (on or off campus)

- Red Cross volunteer/historian (high school)
- Link Crew freshmen orientation leader (high school)
- HHS college representative (2020-2021)
