State briefly why are you are applying and/or are interested in this position

Being an environmentalist at home seems like not enough. In other words, I would like to help the committee to bring the awareness of a low-waste living, a sustainable lifestyle to more students at CalStateLA. And I know we can make a huge impact on our environment if we work together.

What do you feel are some of the major problems facing the students of Cal State LA?

Compare to students at other colleges, students at Cal State LA spent less time on campus. And it will make the work of promoting environmental issues to students harder. Therefore, I will suggest doing projects around most students' class times to maximize the outcome.

List activities and/or organizations that you have been involved with (on or off campus)
