What previous experience have you had in the area in which you are applying for?

I am currently serving as the Graduate Academic Senator for the second consecutive year and believe that I have a serious understanding as to what the job of Vice President for Academic Governance entails. I have dedicated much of my time at Cal State LA to student advocacy and leadership to ensure that students are properly represented and have had the opportunity to co-write policies on Cal State LA's university-wide committees and subcommittees in order to positively impact students.

State briefly why are you are applying and/or are interested in this position

I am interested in applying for this position because I believe that it will give me the opportunity to provide leadership to the Cabinet of Academic Senators by filling this vacancy and also to provide advocacy and a sense of agency to the students of Cal State LA, which is something I aim to provide.

What do you feel are some of the major problems facing the students of Cal State LA?

I feel as though some of the major problems students at Cal State LA are facing is uncertainty within the area of basic needs. I also feel that other areas are feeling insecure about success with academics wherein students feel as though virtual instruction is not providing students with the experience they need in order to learn or function properly.

List activities and/or organizations that you have been involved with (on or off campus)

Some activities and organizations I have been involved with at Cal State LA are the Latin American Studies Society, as well as with MEChA. I have also been involved with the California Teachers Association, Dolores Huerta Foundation (having worked with Dolores Huerta herself, and her daughter Camila on projects), United Farm Workers, Planned Parenthood of Bakersfield, and many other NGOs and nonprofits that have provided advocacy and agency to marginalized communities and groups.
