**Have you earned less than (150)-semester units?** No

**What previous experience have you had in the area in which you are applying for?**

As a first-gen college student, student equity is an important issue for me. I was lucky enough to work with Title V as a student assistant at my community college and our office worked hand in hand with the Student Equity office, luckily I was able to work with the EOP office and learn more about the three communities (La Comunidad, Black Scholars, and Foster Youth) within EOP. I was also a senator of the Organizations Committee with the Associated Students at GCC and the monthly governance meetings provided me with an insight into what occurs behind the scenes and the planning that goes into ensuring student success.

**State briefly why are you are applying and/or are interested in this position**

My career goal is to become an academic/career counselor at a community college and I think this position would provide me with genuine insight on what happens behind the scenes at a four-year university. Working with the student educational equity committee I hope to gain even more experience with what happens behind the scenes to help ensure equitable education is accessible to students, especially during weird times, like Covid-19.

**What do you feel are some of the major problems facing the students of Cal State LA?**

Right now I think the biggest issue that students are facing is Covid-19. It's no secret that students have to pay fees that were established when on-campus instruction was happening but aren't very functional now that we are online and many are not happy about it. On top of that, many students come from lower-income backgrounds it's important to be able to support these students in a time like this, especially the students that require additional support to ensure academic success.

**List activities and/or organizations that you have been involved with (on or off campus)**

I was lucky enough to be able to be highly active at my community college. Alongside being part of the Associated Students there I was also a student mentor with the Partnership Program. This program was similar to EOP in regards to providing support to the student but I was able to help students at a more personal level. I also helped set up supplemental instruction for students that came in with complaints of a class being too difficult and I was able to just hang out and have conversations with other students.

I was also part of Estudiantes Unidos, a program in the Multicultural & Community Engagement Center (MCEC) at GCC. Estudiantes Unidos is a program designed to give Latinx students a leadership role to help change campus life for Latinx students. I also was happy to partake in both the LGBTQ+ Ally workshop and the Undocually workshop, teaching students and faculty how to create a safe space and respect for these communities.
