I personally believe events are an important part of the experience of students at CSULA. From this point of view, I'm applying to this position to participate in trying to better plan events.

What do you feel are some of the major problems facing the students of Cal State LA?

Many CSULA students are nervous about financial aid and the possibility of additional course cuts. In addition, undergraduate students that are in research and/or teaching labs are nervous about when those will reopen and how online laboratories might affect their skills and/or research progress.

List activities and/or organizations that you have been involved with (on or off campus)

I have been involved with ASI, the Chemistry and biochemistry club, and LAMusSci on campus and have also volunteered at a few hospitals.
