What previous experience have you had in the area in which you are applying for?

I was part of a biomedical science club during high school. I used to attend student fairs to teach parents and students the benefits of learning the basic functionality of the organs, veins, and arteries in the human body. During my first semester at CalStateLA, I was nominated by my classmates to represent them in the public speaking showcase. During this event, I talked about the problems generated by racial segregation in the school system. This fall semester, I volunteered for the Screaming Eagles team. I worked under the Election and Outreach Committee. Following the instructions of the Elections and Outreach commissioner, we successfully utilized technology as a platform to reach out to other students. We promoted the various ASI events that took place during this semester. Working in collaboration with other Screaming Eagle members, we decided the most optimal times to spread the information on different platforms. I know how to present information in exciting ways while adhering to specific guidelines.

State briefly why are you are applying and/or are interested in this position

I've always had a big desire to reach out to other people to help them develop professionally. This is one of the main reasons why I decided to major in Spanish. I believe languages are powerful tools for intellectual and social growth. ASI's general election committee position provides me with the perfect opportunity to increase my leadership skills while guiding others towards the same professional development. Exposure to leadership positions is a necessary step in the process of career development. I wish to contribute my knowledge and learn from other ASI members about organizing events to benefit our fellow Golden Eagles.

What do you feel are some of the major problems facing the students of Cal State LA?

The problem of the lack of student engagement in campus activities is harmful to future professional development. It is easy for students to ignore campus engagement opportunities and go on with their busy student lives. Lack of engagement has only incremented with the emergence of the COVID-19 virus. People are suffering from high-stress levels due to school assignments, seclusion, and family-related problems. It is essential to make information about ASI's current vacant offices readily available for students. We must utilize all the technological resources at our disposal to ensure students are aware of the available opportunities for campus engagement.

List activities and/or organizations that you have been involved with (on or off campus)
